

BOOT CAMP #3

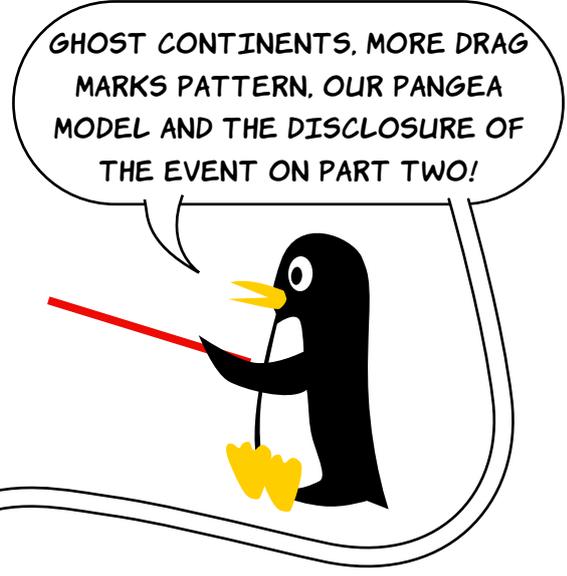

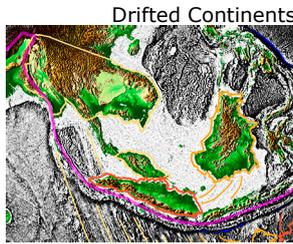

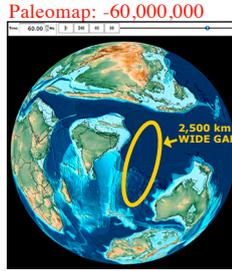

Set/2025

Part 2

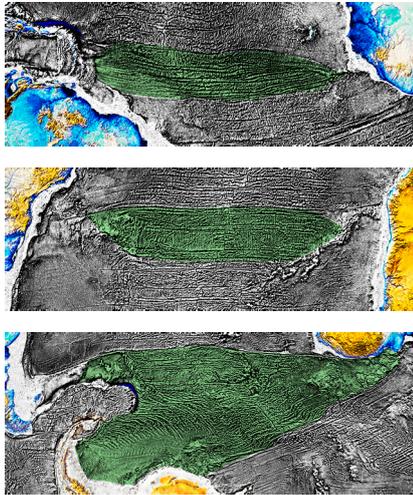

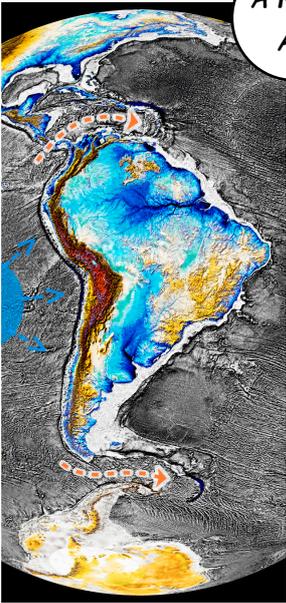

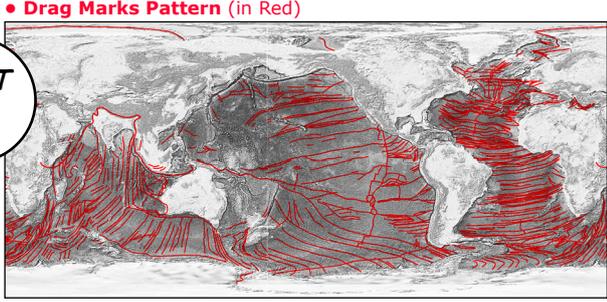

GHOST CONTINENTS, MORE DRAG MARKS PATTERN, AND OUR PANGEA MODEL!

- Vietnam
- Cambodia
- Laos
- Thailand
- Myanmar
- Malasia
- Borneo
- Sumatra

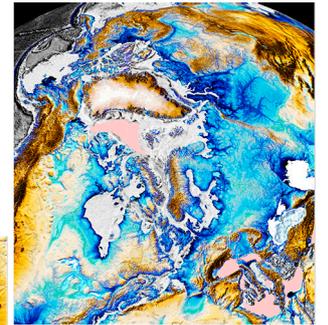

A NEW APPROACH TO THE CONTINENTAL DRIFT ACCORDING TO THE DRAG MARKS PATTERN!

VORTEX RINGS AND EXPANSION ZONES!

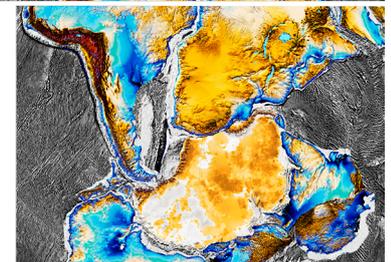

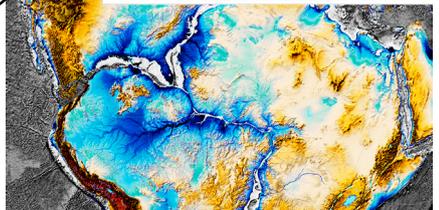

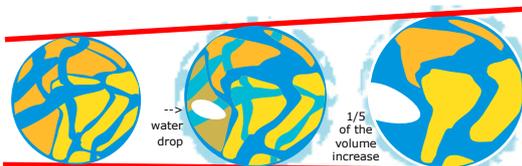

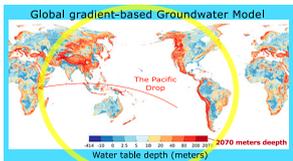

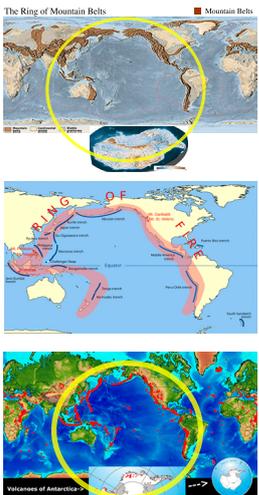

OUR PANGEA MODEL, PARTIAL RECONSTRUCTION!

Partial reconstruction of our Pangea Model.

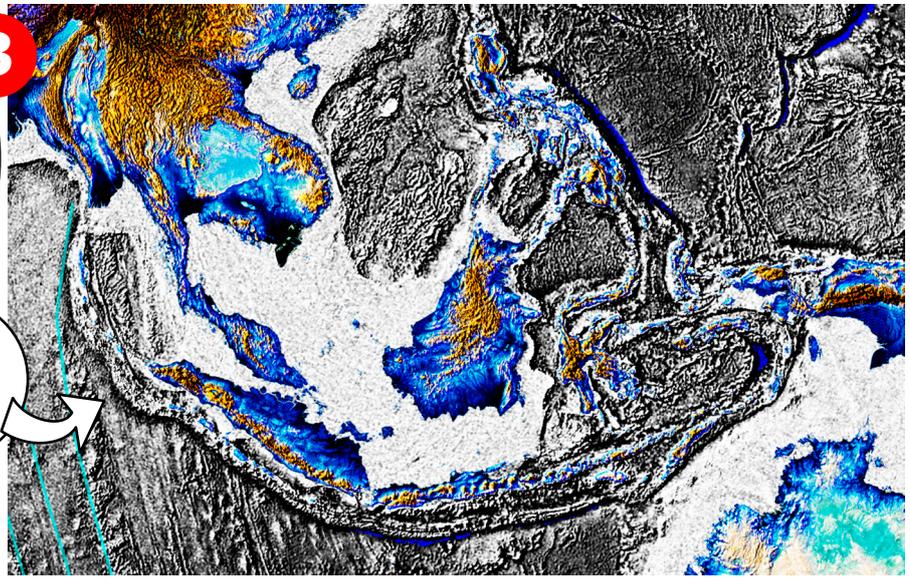

THE PACIFIC RINGS!

THE PACIFIC DROP EVENT!

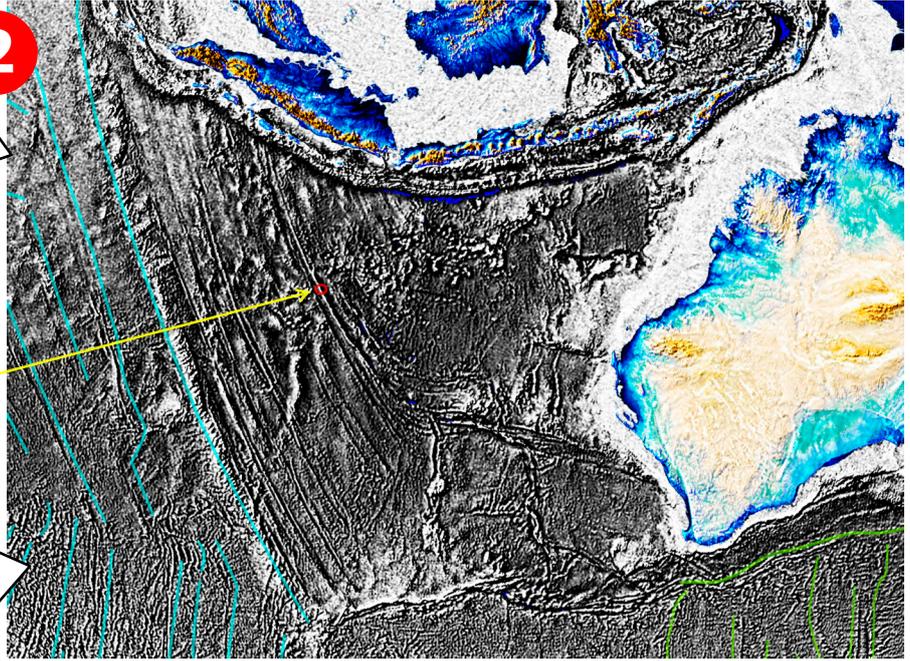

FINALLY AT THIS THIRD PART YOU CAN SEE THE CONTINENTS! JUST ACROSS THIS FAULT ON THE TERRAIN, THAT WE CALL THE EVENT PATH! AND HERE YOU CAN SEE THE SAME SHAPE FOR THE GHOST CONTINENTS!

3

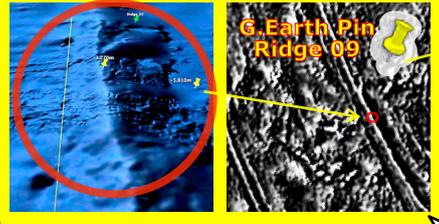

AND THE DRAG MARKS OF THEM PULLING UP NORTH FASTER! AS YOU CAN SEE IN THIS PATTERN!

2

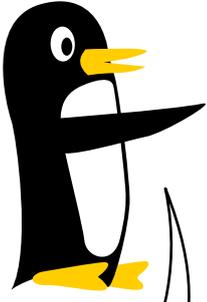

Sample Spot of Ridge 09 with over 2,000 meters drop from the Top to its Basin!

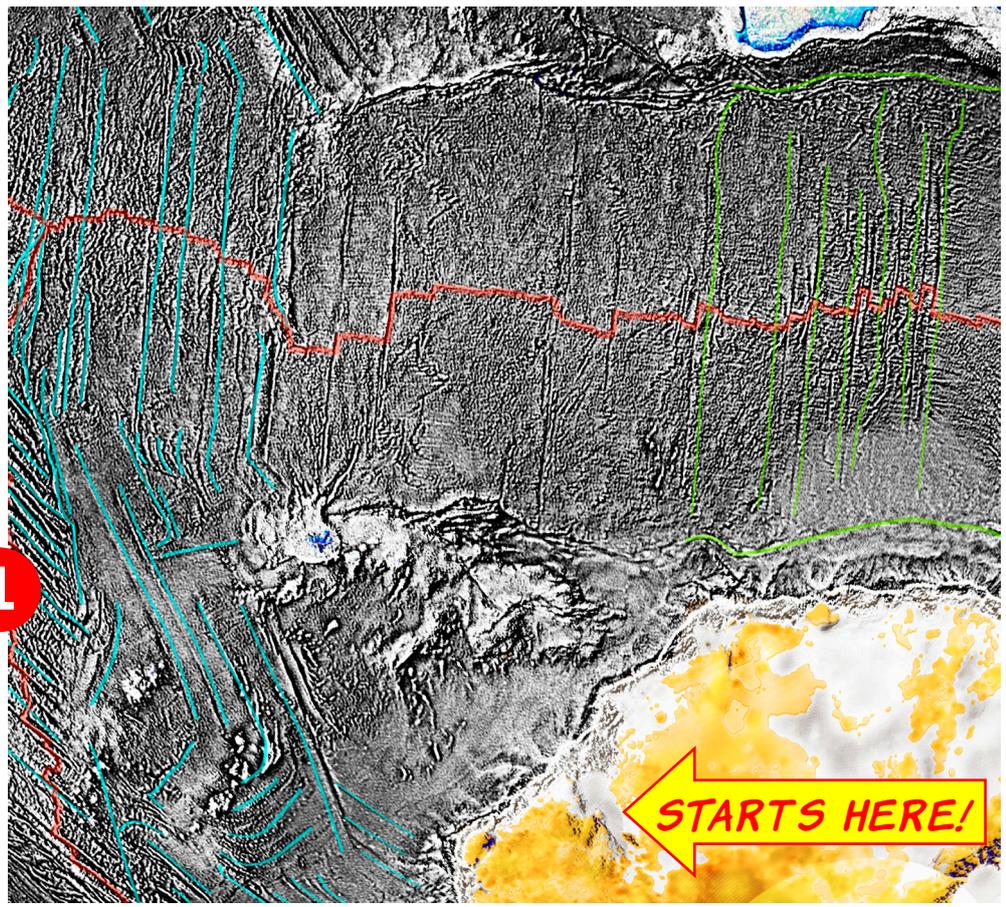

THEN IN THIS SECOND PART YOU CAN SEE VERY CLEAR THE GHOST IMPRINT OF THE CONTINENTS SHAPE!

AND YOU CAN SEE THE SAME PATTERN UNTIL AUSTRALIA STOPPED!

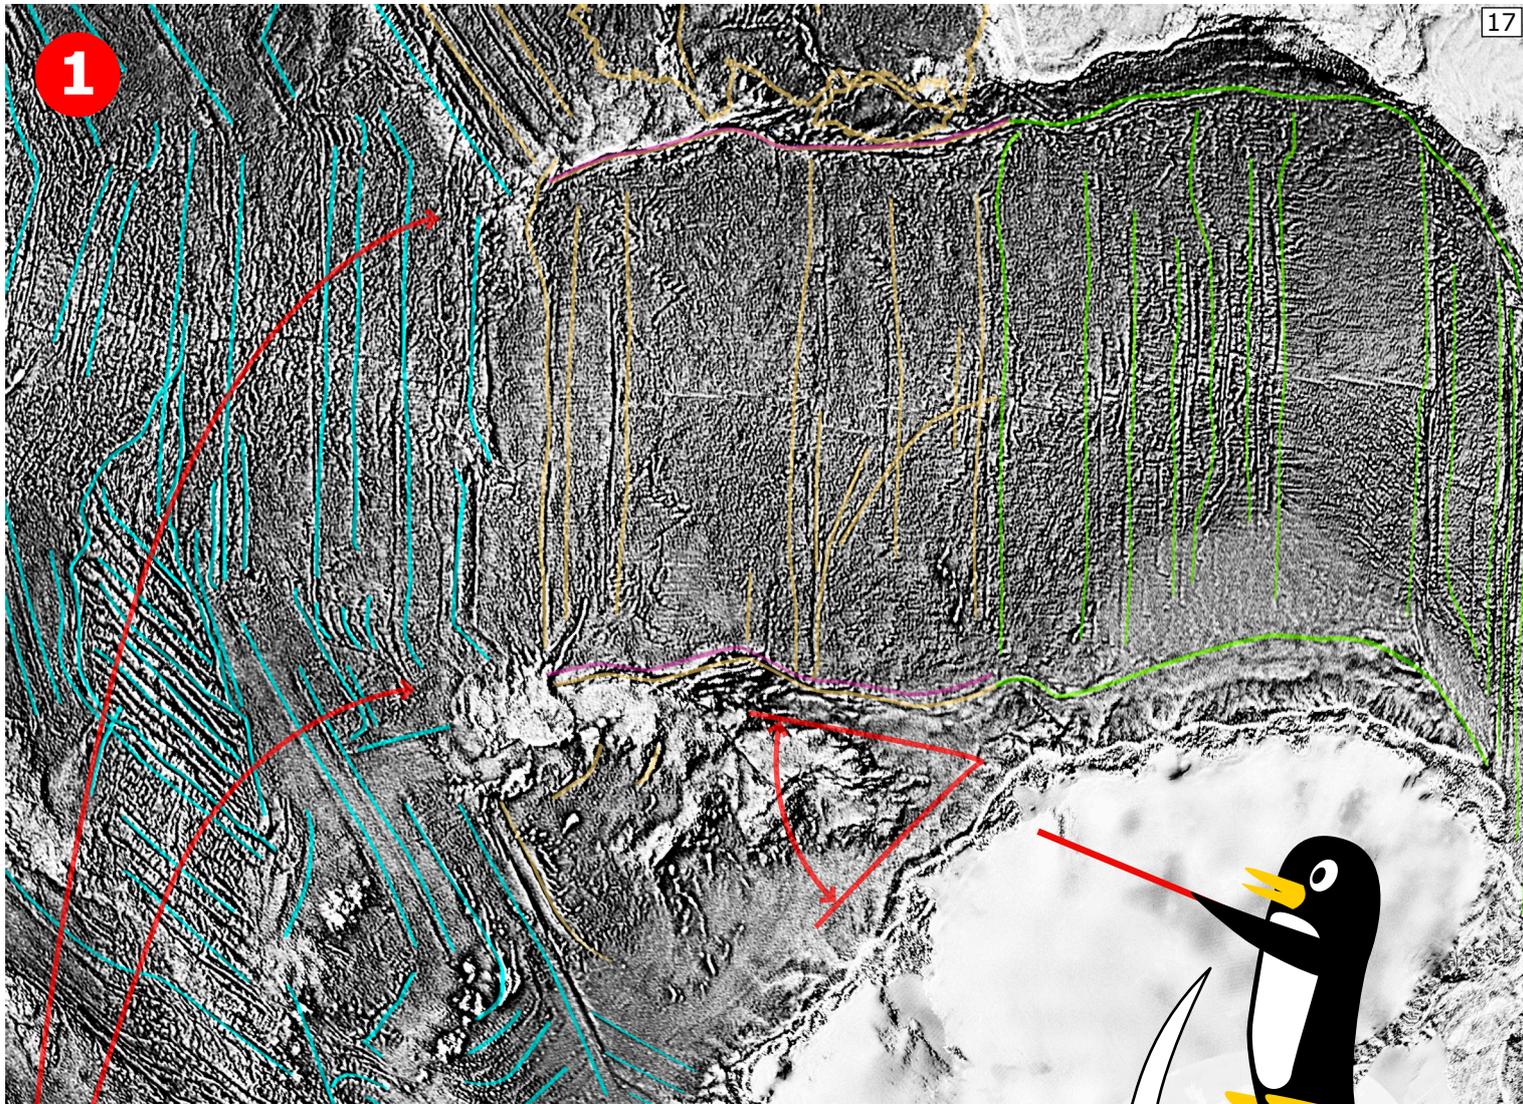

THIS FIRST PART SHOW ITS DEPARTURE FROM ANTARCTICA! BETWEEN THE TRACKS OF ASIA (IN BLUE) AND AUSTRALIA (IN GREEN) THIS 2,500 KM GAP IS RICH IN DETAIL!

1

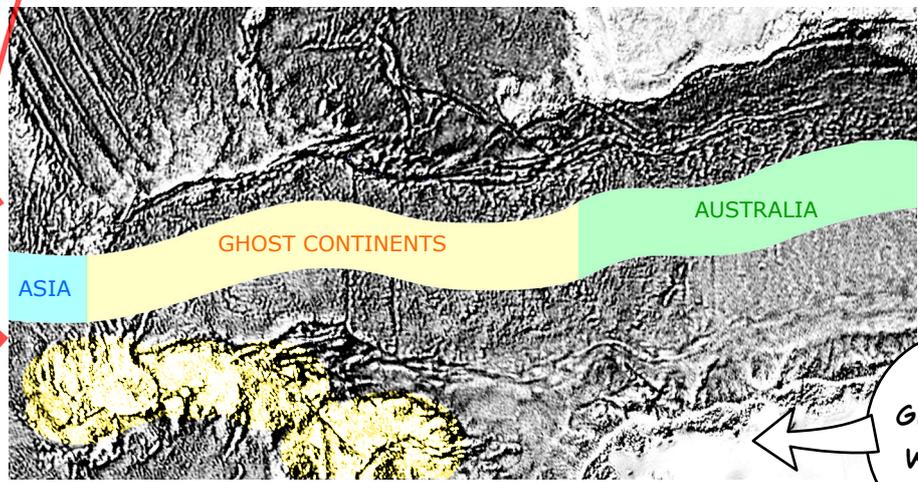

STARTS HERE!

1

FIRST, THE BASE OF THE GHOST CONTINENTS ROTATES A LITTLE AS IT IS RIPPED OUT OF ANTARCTICA! THIS PUSHES ASIA TO ROTATE ON ITS WAY NORTH AS WELL!

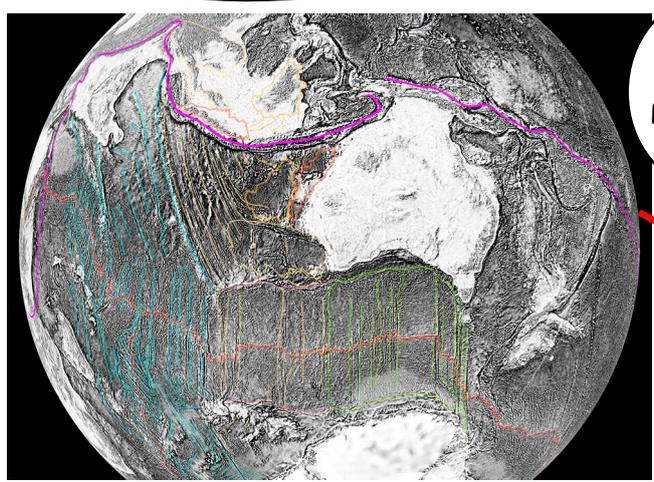

LEAVING A PART BEHIND! THE GHOST CONTINENTS TRAVEL ALONG WITH AUSTRALIA! AS YOU CAN SEE IN THE **YELLOW LINES** ABOVE!

Part left behind.

AND LOOKING AT THIS MATCHING PROFILES ALONG WITH THE PATTERN IN BETWEEN THEM, YOU CAN SEE THAT THE GHOST CONTINENTS AND AUSTRALIA DID TRAVEL TOGETHER AS A BIG CHUNK OF LAND!

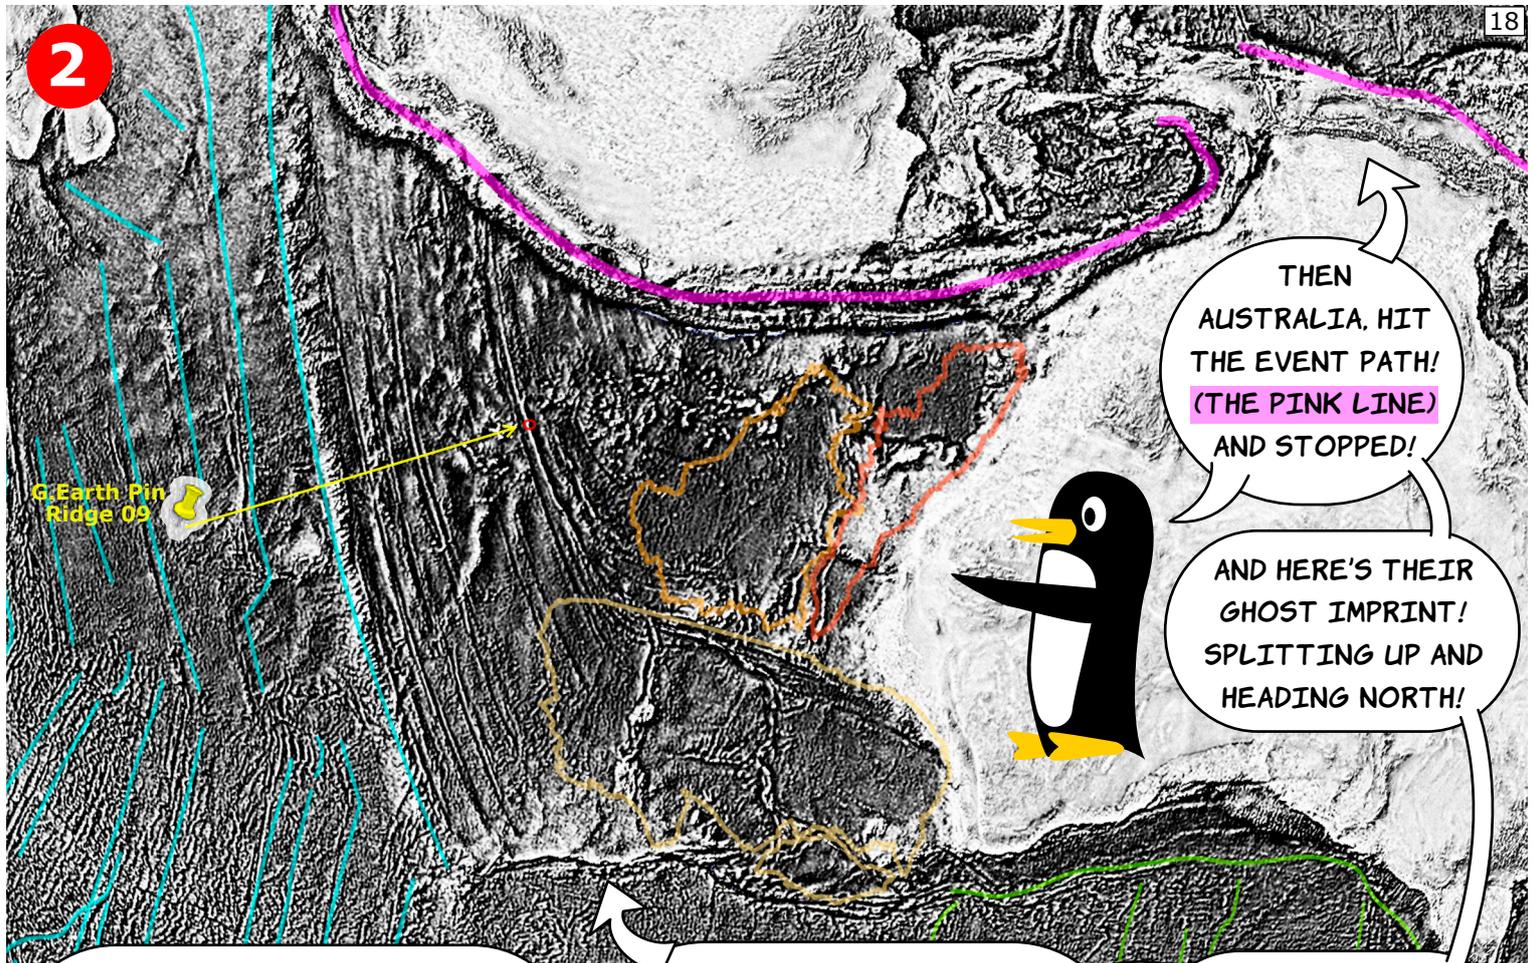

UNTIL AUSTRALIA STOPPED! SO THIS 2,500 KM WIDE BROKE LOOSE IN TO PIECES GOING UP NORTH!

AUSTRALIA STOPPED WHEN IT HIT THE EVENT PATH! THIS **PINK LINE!**

2

THEN AUSTRALIA, HIT THE EVENT PATH! (THE PINK LINE) AND STOPPED!

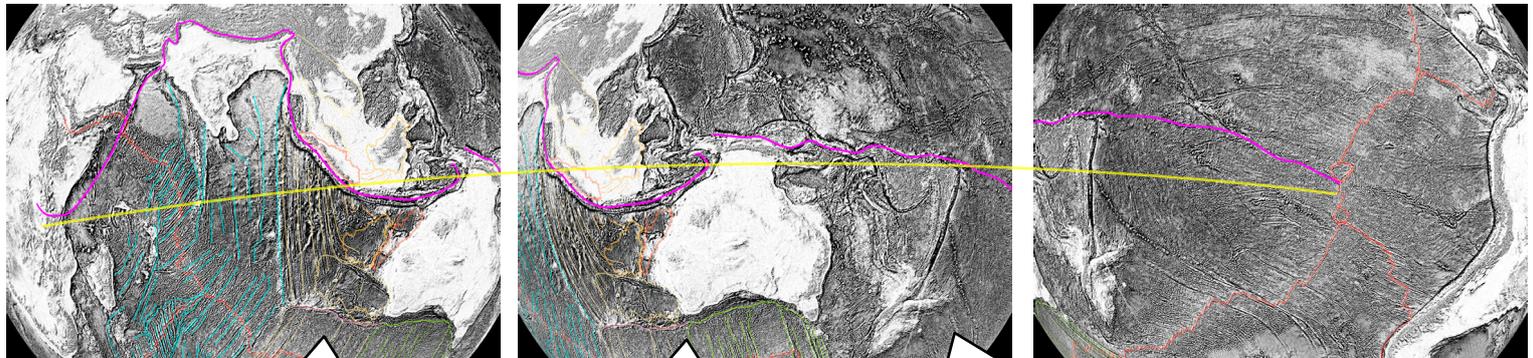

AND HERE'S THEIR GHOST IMPRINT! SPLITTING UP AND HEADING NORTH!

CROSSING THE EVENT LINE IN PINK FASTER THAN AUSTRALIA AND ASIA, WHO CAME AFTER CRUSHING THE EVENT LINE!

AS YOU CAN SEE ON THIS DIFFERENT PART OF THE PATTERN SUGGESTING A FASTER PACE FROM HERE UP NORTH!

THESE GHOST CONTINENTS BREAK APART AND SHOOT NORTH FASTER!

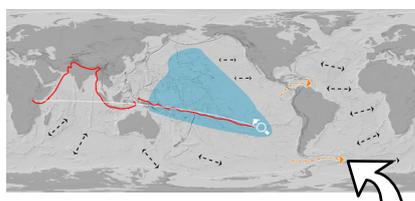

AND AS THE GHOST CONTINENTS MADE ACROSS THIS PATH! ASIA ARRIVES SOON AFTER, CRUSHING EVERYTHING ON THE TIBETAN PLATEAU!

AND HERE HOW AUSTRALIA CAME TO A STOP BY CRASHING ON TO THIS PATH!

IN YELLOW IS THE ARCH OF THIS DROP, AND IN PINK SHOW THE PATH RESIDUE ON LAND!

THE EVENT LINE OR PATH, FROM EASTER ISLAND TO LAKE VICTORIA (AFRICA)! A LARGE DROP OF WATER RESPONSIBLE FOR THE CONTINENTAL DRIFT!

SOON WE WILL GET TO THE DESCRIPTION OF THE PACIFIC DROP EVENT!

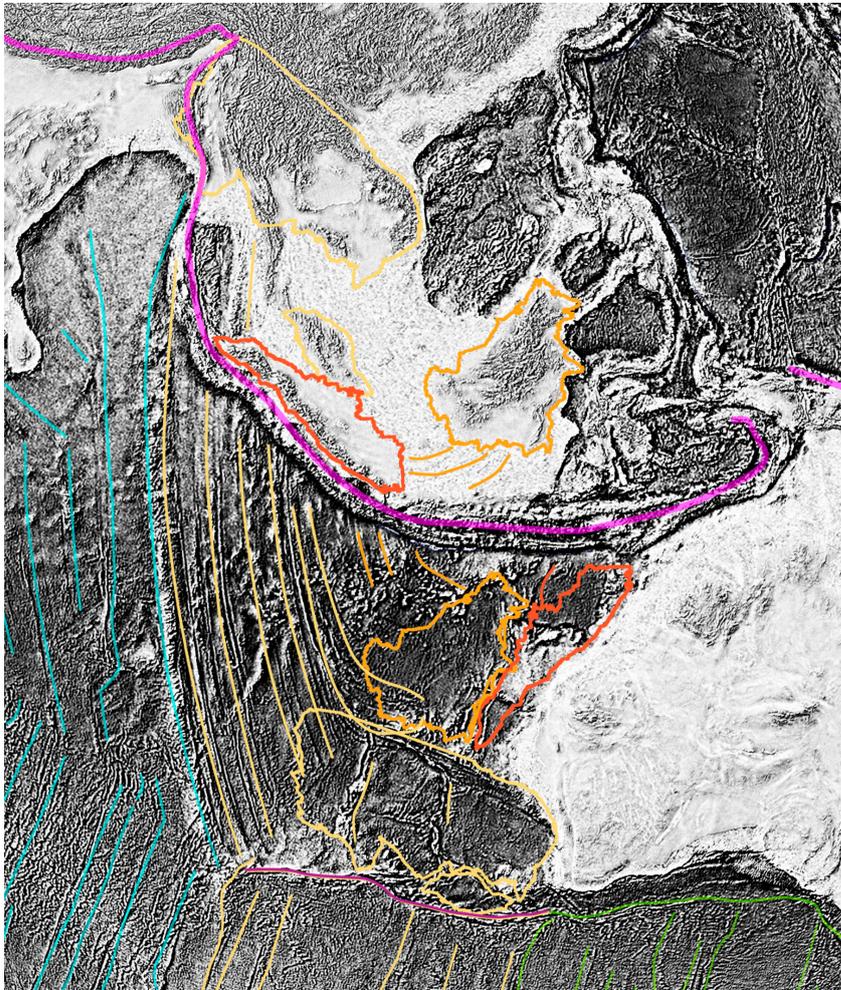

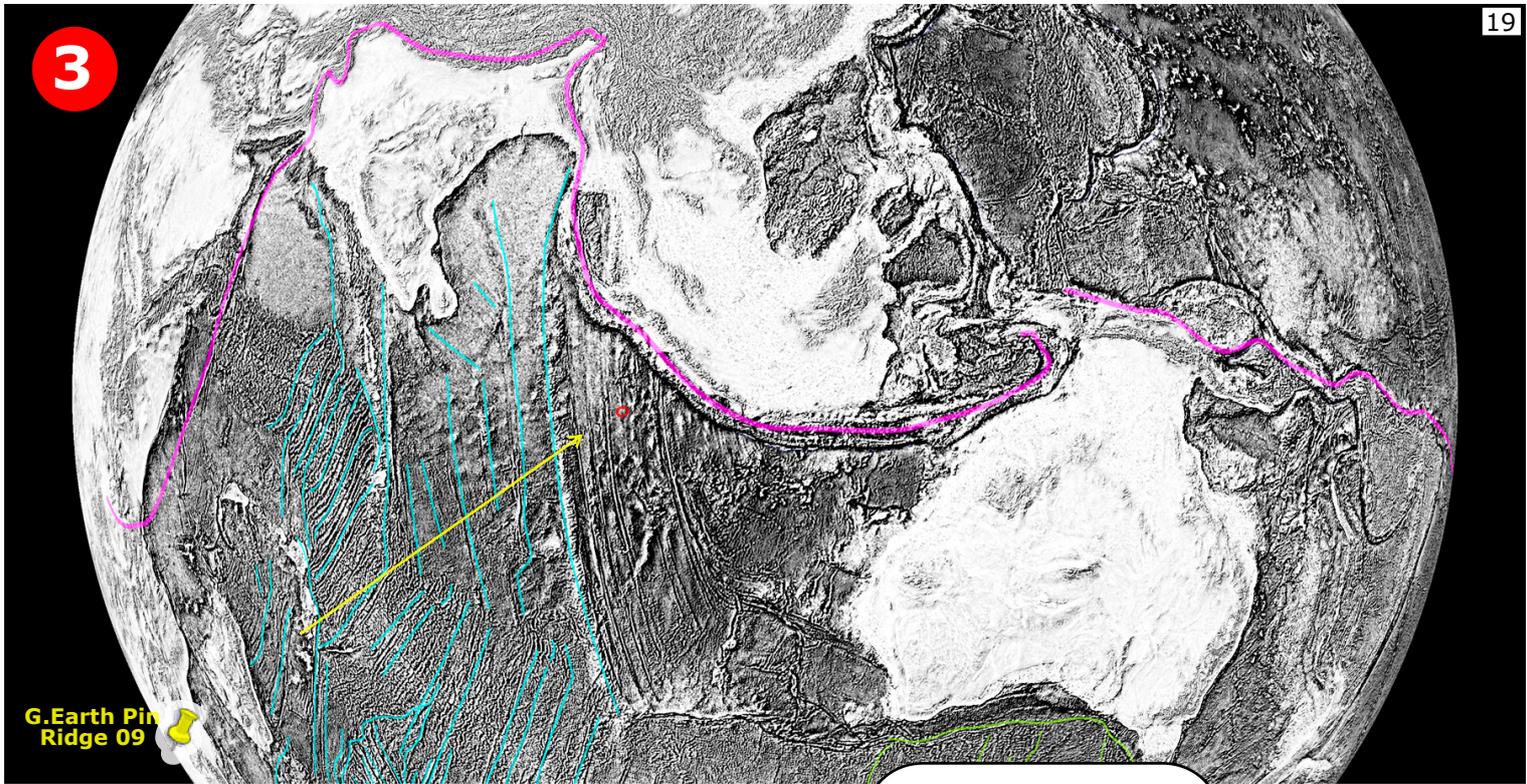

WE ESTIMATE THAT THE PACIFIC DROP EVENT COVERED 21,000 KILOMETERS!

FOR NOW LET'S SEE THE GHOST CONTINENTS! AND MORE OF THE DRAG MARKS PATTERN!

3

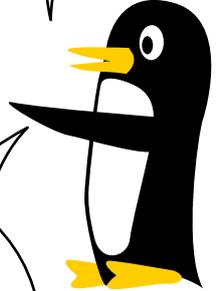

G. Earth Pin Ridge 09

WHO ARE THE GHOST CONTINENTES? HERE THEY ARE!

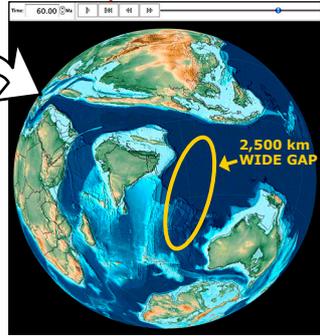

THE GHOST IMPRINTS NOT ONLY MATCH IN SIZE! BUT THE DRAG MARKS PATTERN CONNECT THEM!

- Vietnam
- Cambodia
- Laos
- Thailand
- Myanmar
- Malasia
- Borneo
- Sumatra

AND REMEMBER THAT THEY SHOW AS EMPTY SPACE ON THE PALEOMAP, SO THEY ARE NOT ACCOUNTED FOR!

Paleomap: -60,000,000

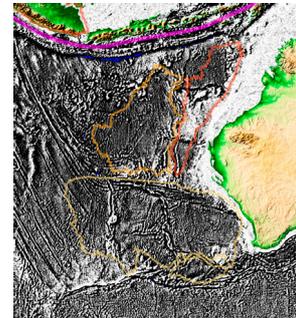

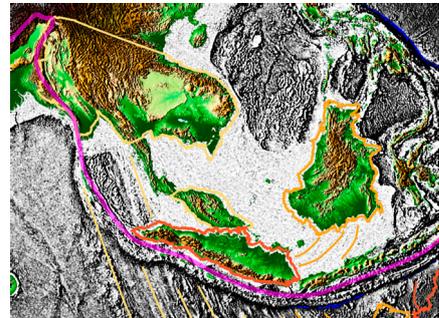

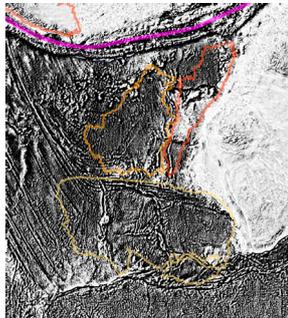

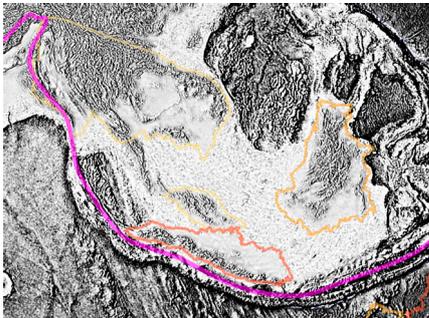

THAT'S WHY WE NAME THEM GHOST CONTINENTS!

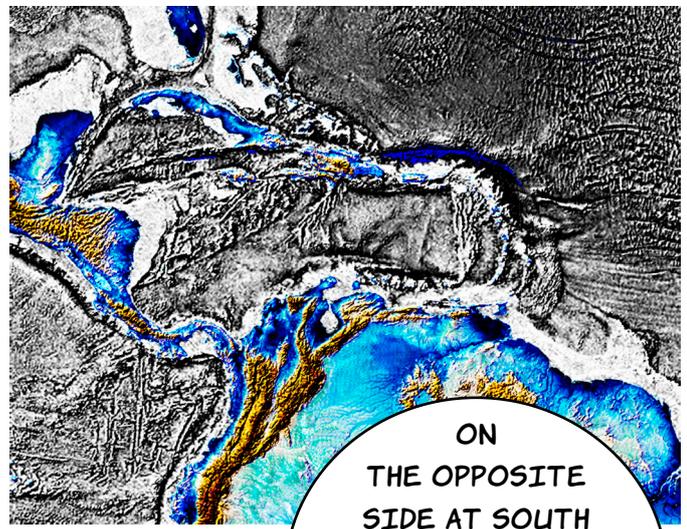

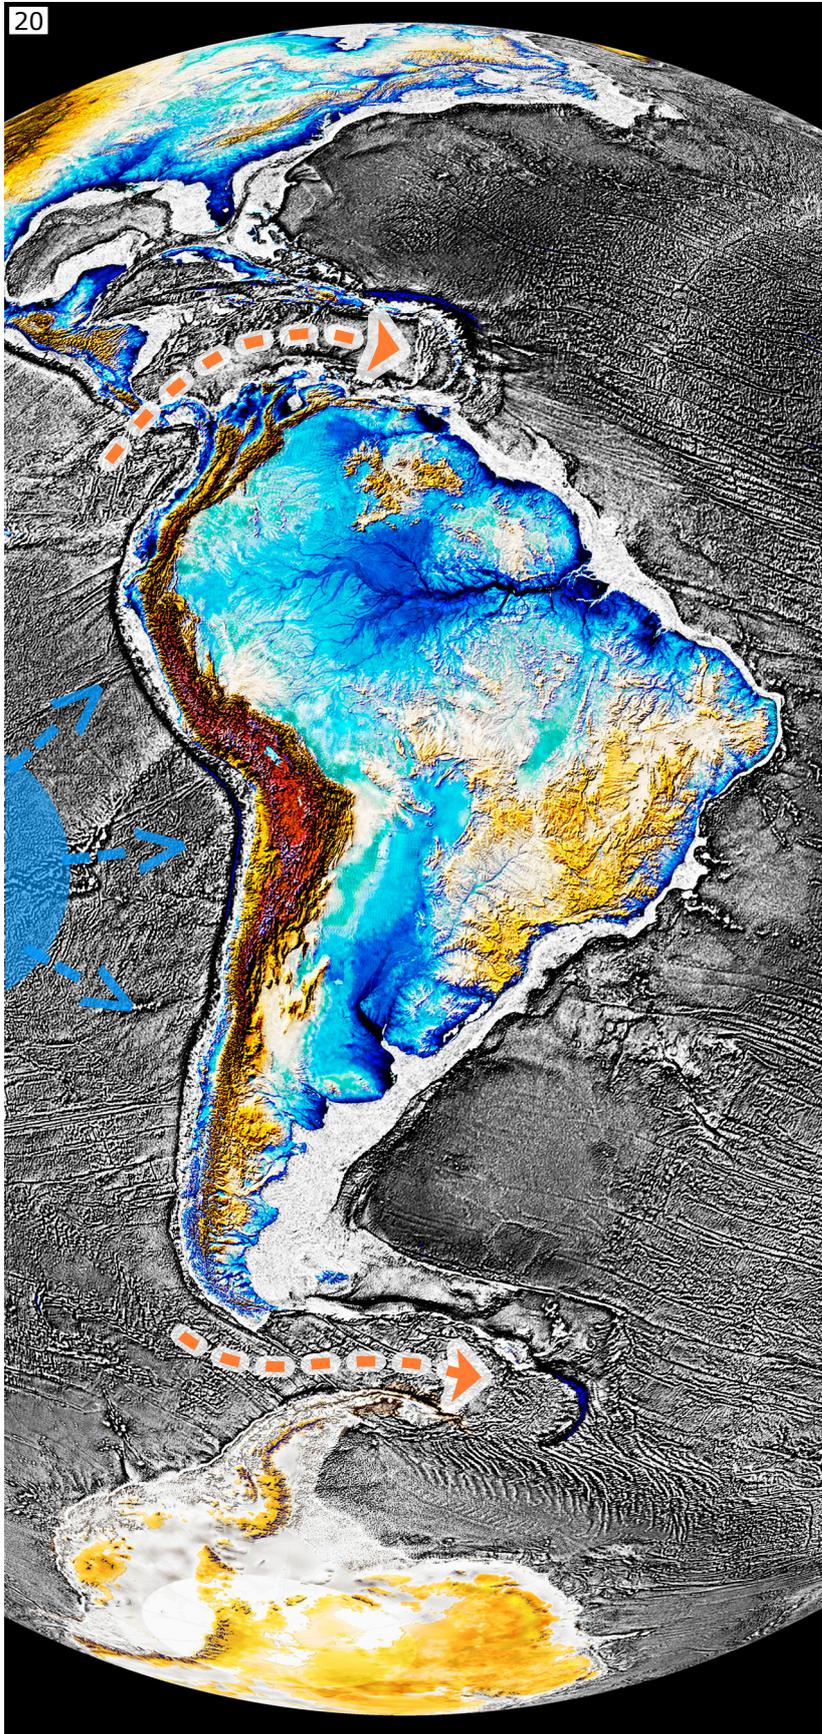

Drifted Continents

Ghost Imprint

Drifted Continents

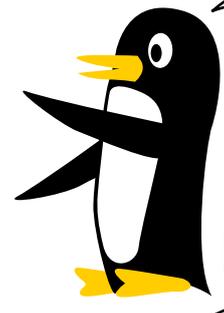

Ghost Imprint

NORTHERN VORTEX

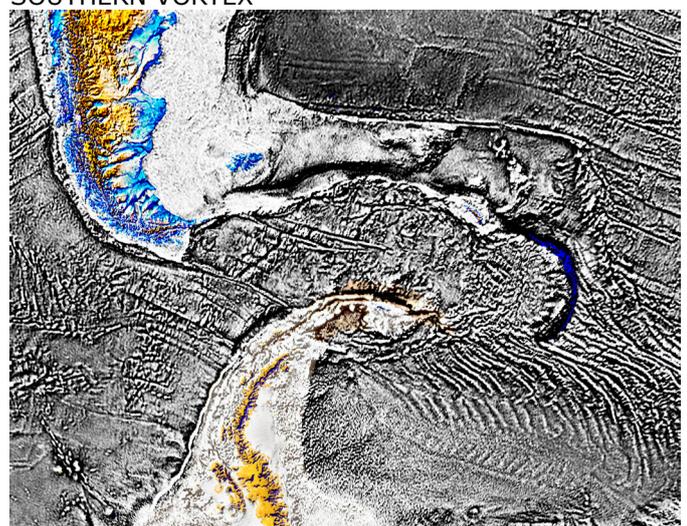

ON THE OPPOSITE SIDE AT SOUTH AMERICA'S WEST COAST, YOU CAN SEE THE VORTEX RINGS IN ORANGE!

THEY ARE AN ESCAPE ROUTE FOR THE LARGE AMOUNT OF WATER DEPOSITED AT THE PACIFIC DROP EVENT!

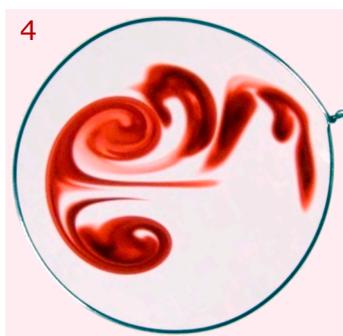

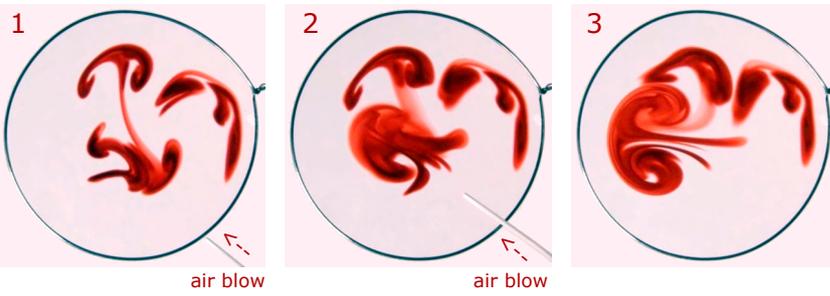

THIS FORCE MOVE THE OLD CRUST, FORMING THE SOUTH AMERICAN WEST MOUNTAIN RANGE, AND SCAPE NORTH AND SOUTH AS THE VORTEX RINGS!

SOUTHERN VORTEX

Vortex Rings sample:

Experiment sequence of a drop of ink on a water lens at 0 gravity.

THIS **VORTEX RINGS** ARE NOT ALONE! THEY HAPPEN WITH A **MANTLE STRETCH** AS YOU CAN SEE IT **HIGHLIGHTED IN GREEN!**

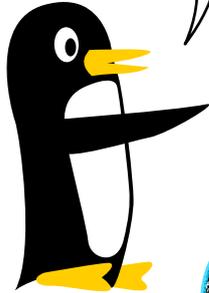

AT THE **EPICENTER OF THE PACIFIC DROP EVENT** ARE **EASTER ISLAND** AND THE **MICROPLATES OF THE PACIFIC!**

FROM THERE THIS FORCE **PUSH BACK THE LAND TO FORM SOUTH AMERICA WEST MOUNTAIN RANGES!**

AND AS THE **CONTINENTS BREAK APART** THE **VORTEX RINGS** SHOW UP AS AN **ESCAPE ROUTE** FOR THE **DEPOSITED VOLUME!**

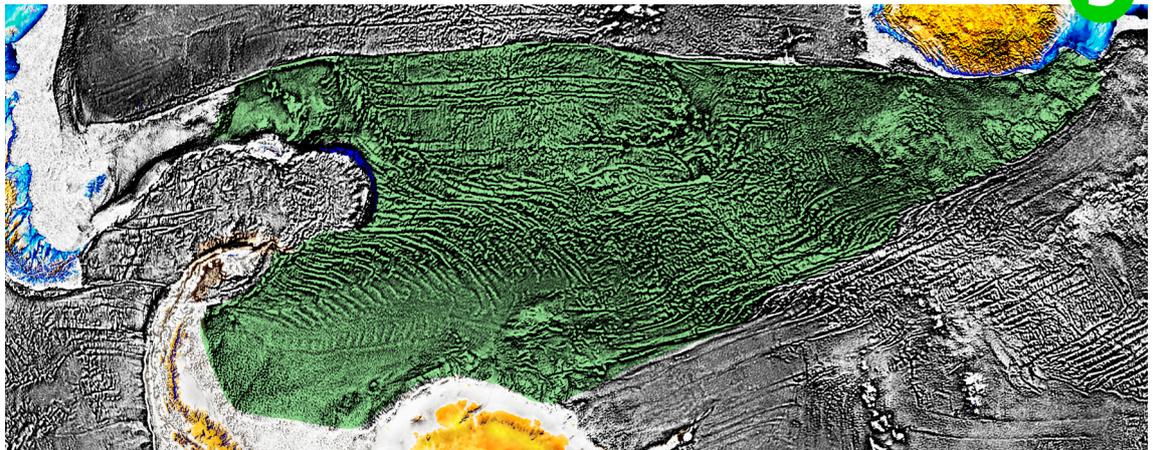

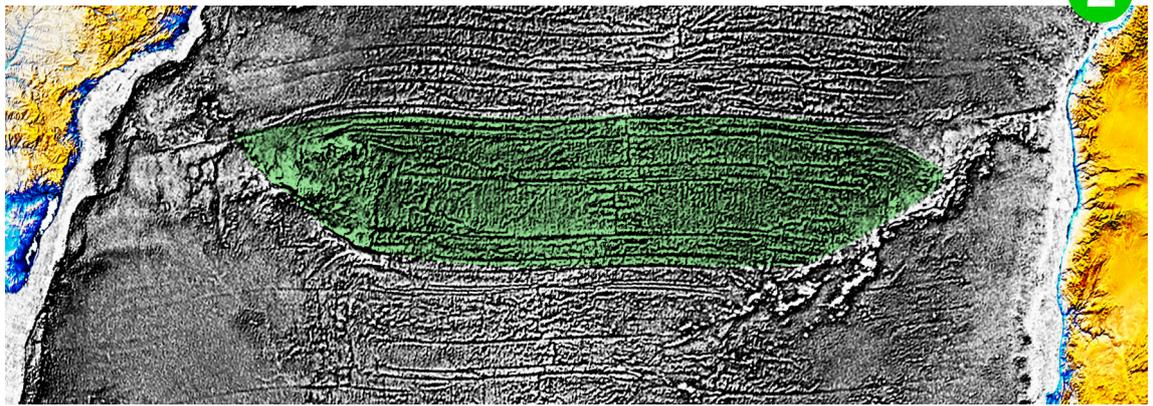

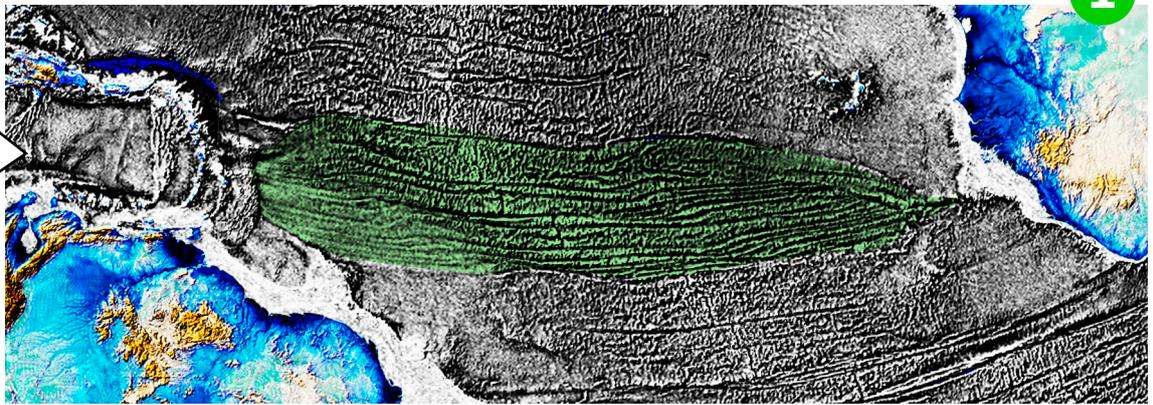

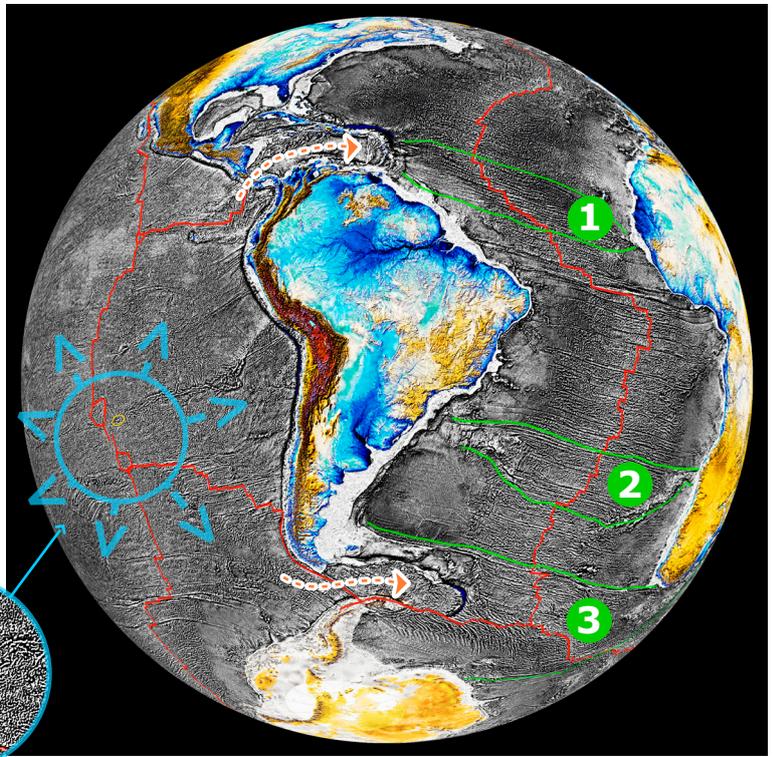

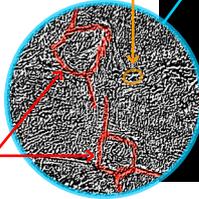

SO MUCH **VOLUME WAS DEPOSIT AT THE PACIFIC DROP** THAT YOU CAN SEE **EXPANSION ZONES** IN THE **MANTLE** AS THE **CONTINENTS MOVE APART!**

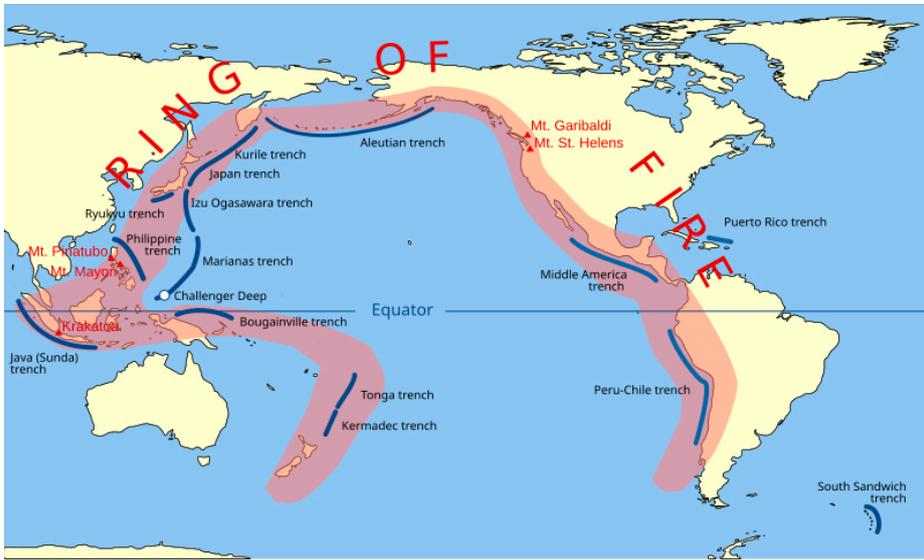

TO **LEARN ABOUT THE PACIFIC DROP**, LET'S **LOOK AROUND!**

Easter Island

Microplates of the Pacific

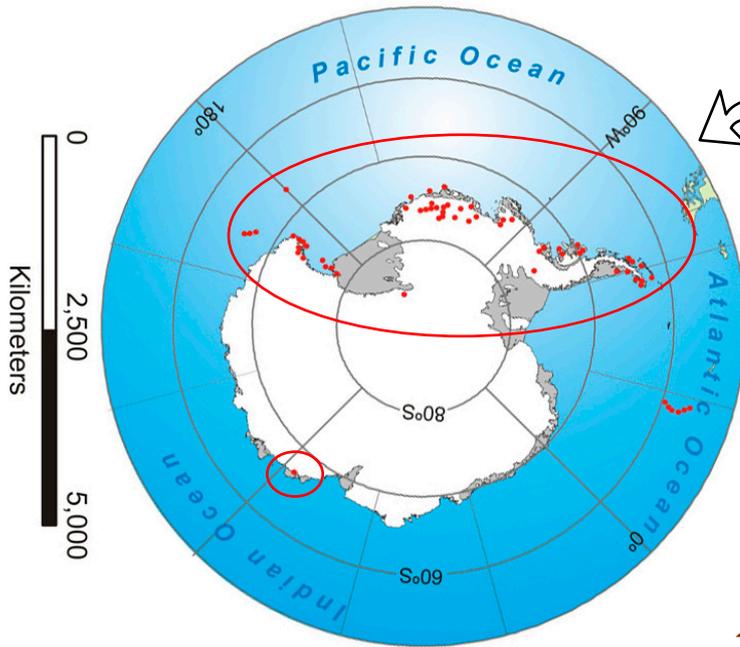

Source: https://en.wikipedia.org/wiki/Ring_of_Fire

HERE IS THE RING OF FIRE! THE MOST FAMOUS OF THEM! A RING OF VOLCANOES, KNOWN BY ITS HORSESHOE SHAPE!

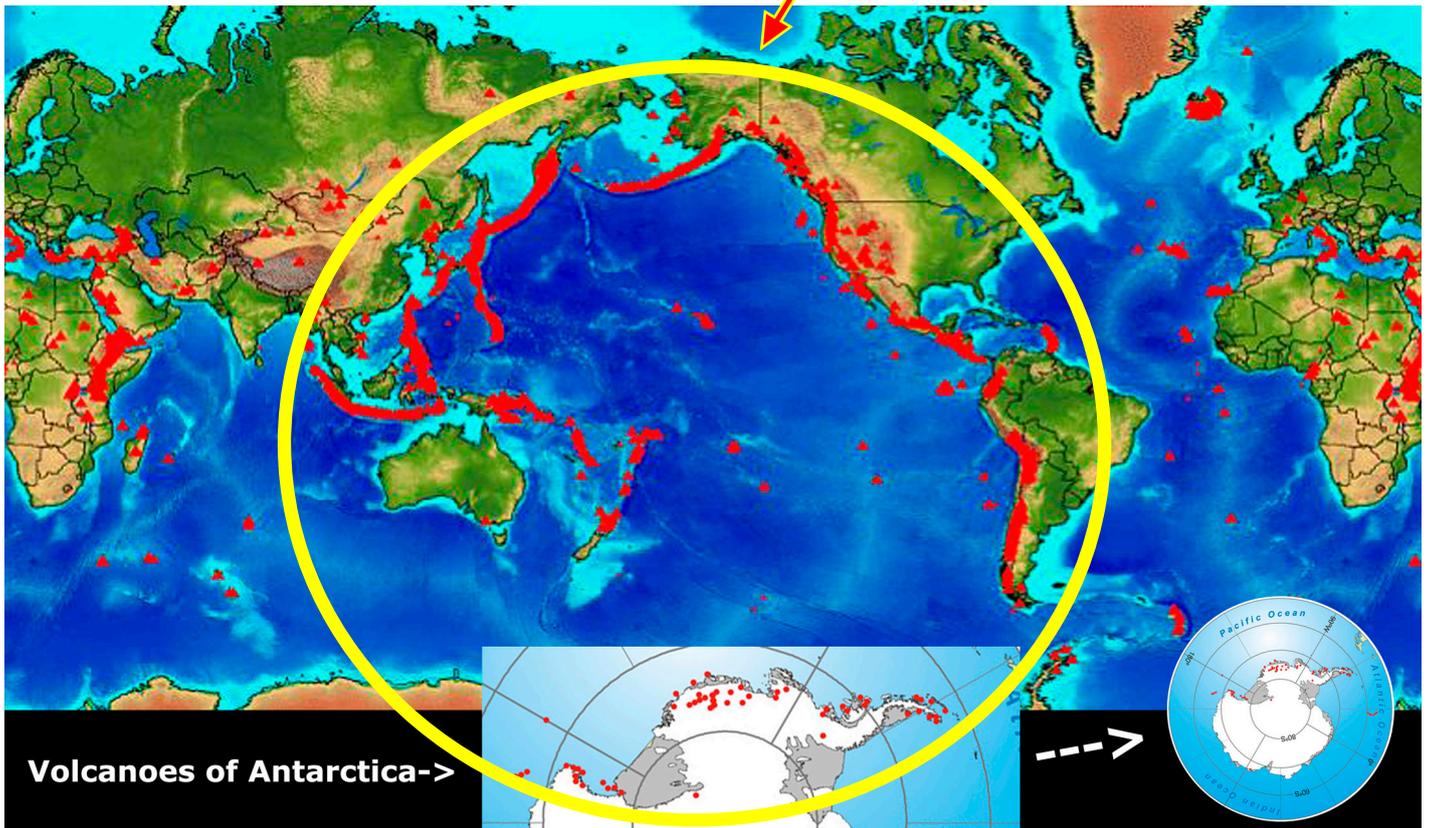

BUT SINCE 2020 IS BEING PUBLISHED THE FINDING OF THE VOLCANOES OF ANTARCTICA!

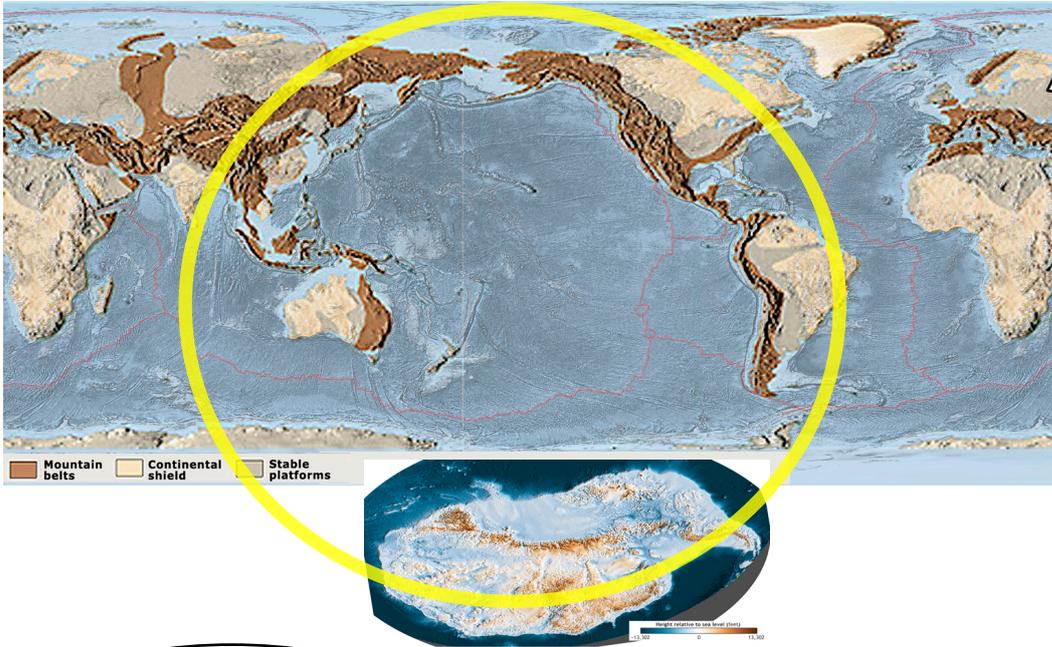

AND ALMOST ALL OF THEM ONLY SHOW UP TO COMPLETE THIS RING. THEY ARE FOUND NOWHERE ELSE BESIDES A SINGLE POINT IN THE OPPOSITE SIDE OF THE CONTINENT!

NOW YOU CAN SEE A FULL CIRCLE OF VOLCANOES!

AND THERE IS MORE TO SEE ABOUT THE PACIFIC RINGS!

Volcanoes of Antarctica->

THE RING OF THE MOUNTAINS RANGES! AS YOU CAN SEE IN DARK BROWN! THEY SURROUND THE PACIFIC ALONG WITH THE RING OF FIRE!

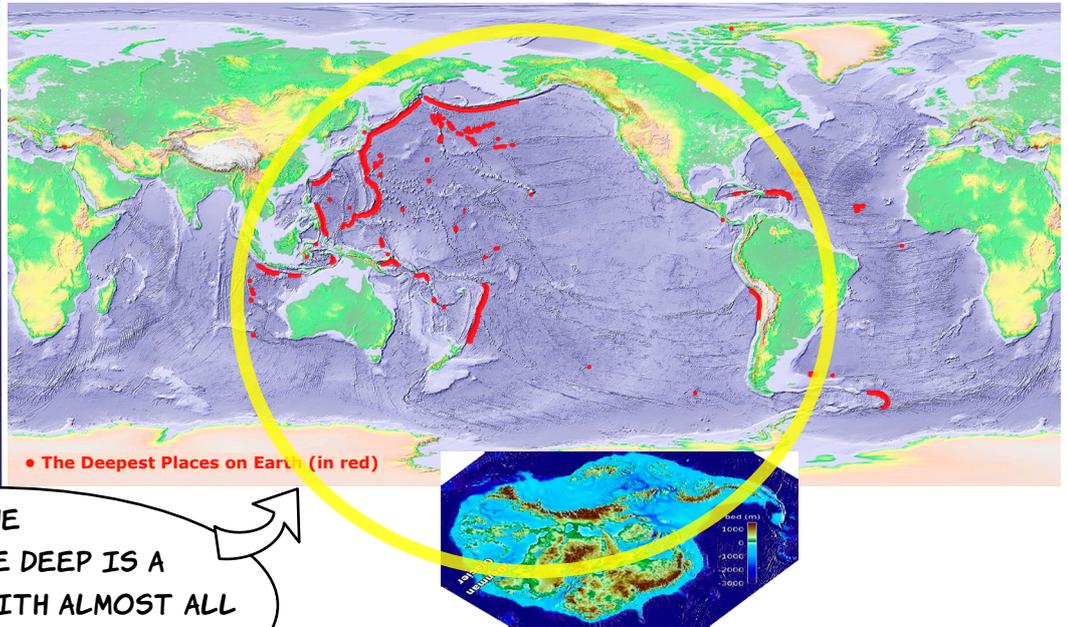

AND IN RED THE DEEPEST PLACES ON EARTH IS ON THIS RING!

Over 5,000 meters Deep

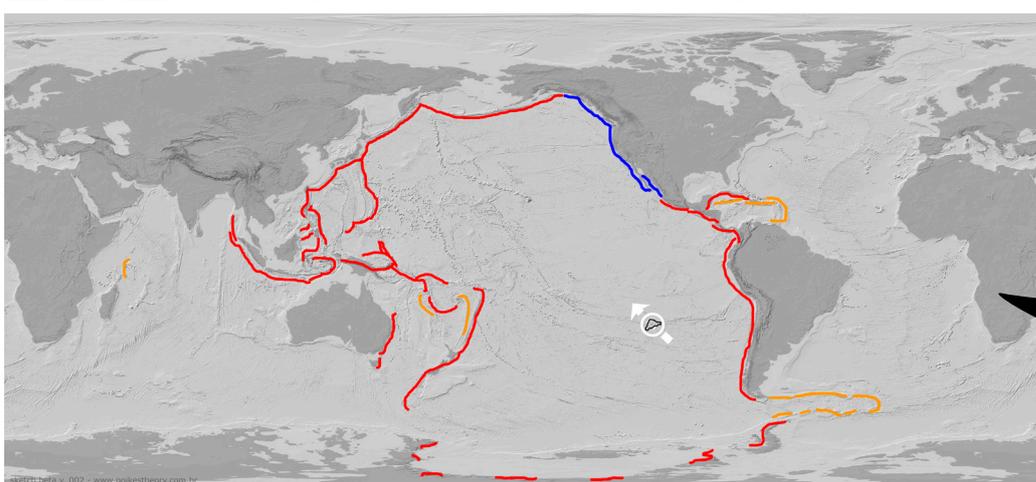

The Ring of Deep

Over 5,000 meters deep

THE RING OF THE DEEP IS A PARTIAL RING WITH ALMOST ALL OF THE DEEPEST TRENCHES ON EARTH!

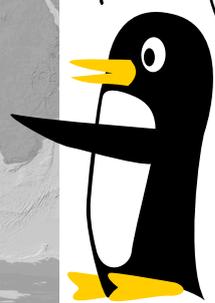

The Ring of Active Continental Margins

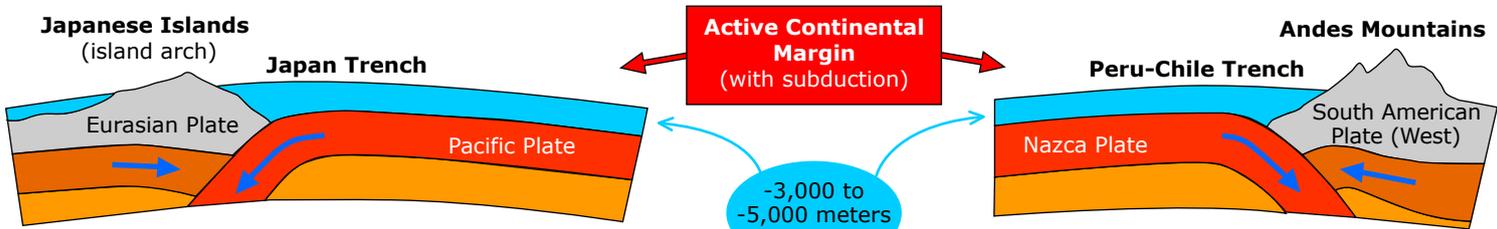

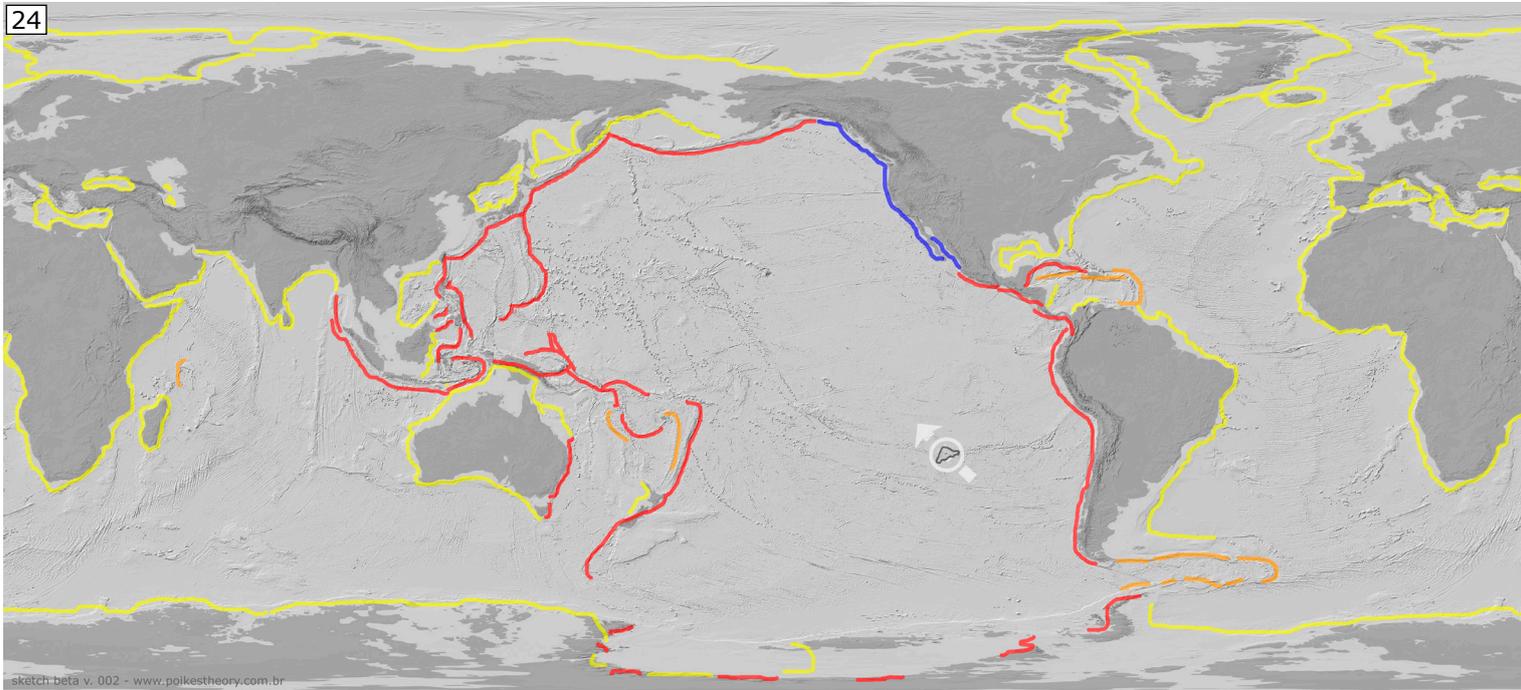

AND MOST REVEALING OF ALL! THE RING OF ACTIVE CONTINENTAL MARGINS!

THOSE AGGRESSIVE FORMATIONS ARE ONLY FOUND HERE, SURROUNDING THE PACIFIC!

LET'S TAKE A CLOSER LOOK AT THEM!

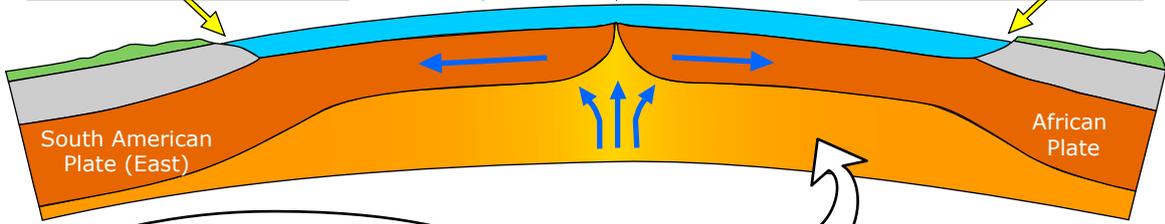

IN RED ARE THE ACTIVE MARGINS!
AGGRESSIVE PLATES THAT COLLIDE CREATING A SUBDUCTION ZONE!

AS YOU CAN SEE, ALL THIS AGGRESSIVE ACTIVITY HAPPENS AROUND THE PACIFIC MICROPLATES AND EASTER ISLAND!

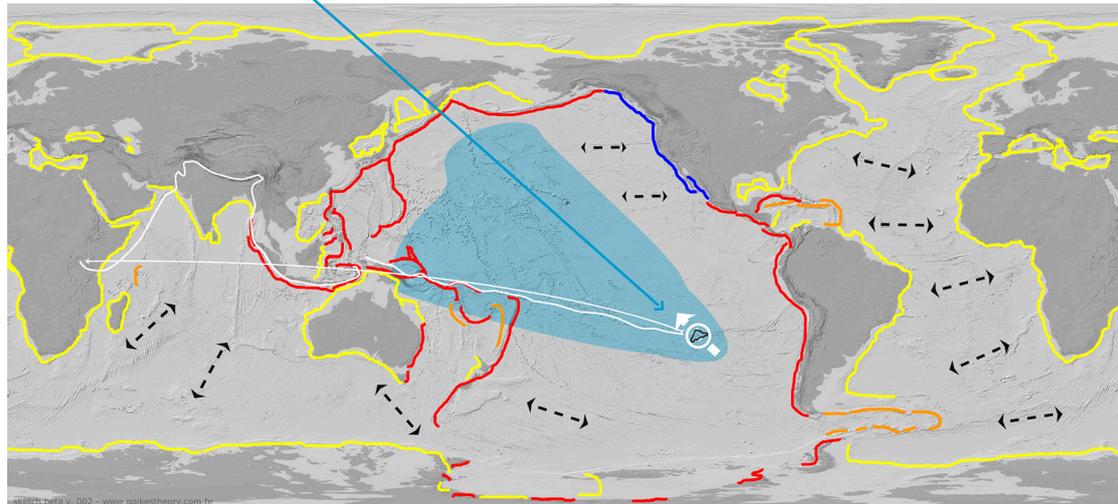

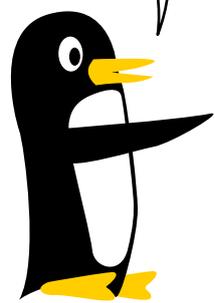

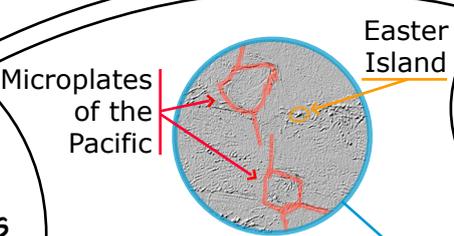

Passive Continental Margin, South America (no subduction)

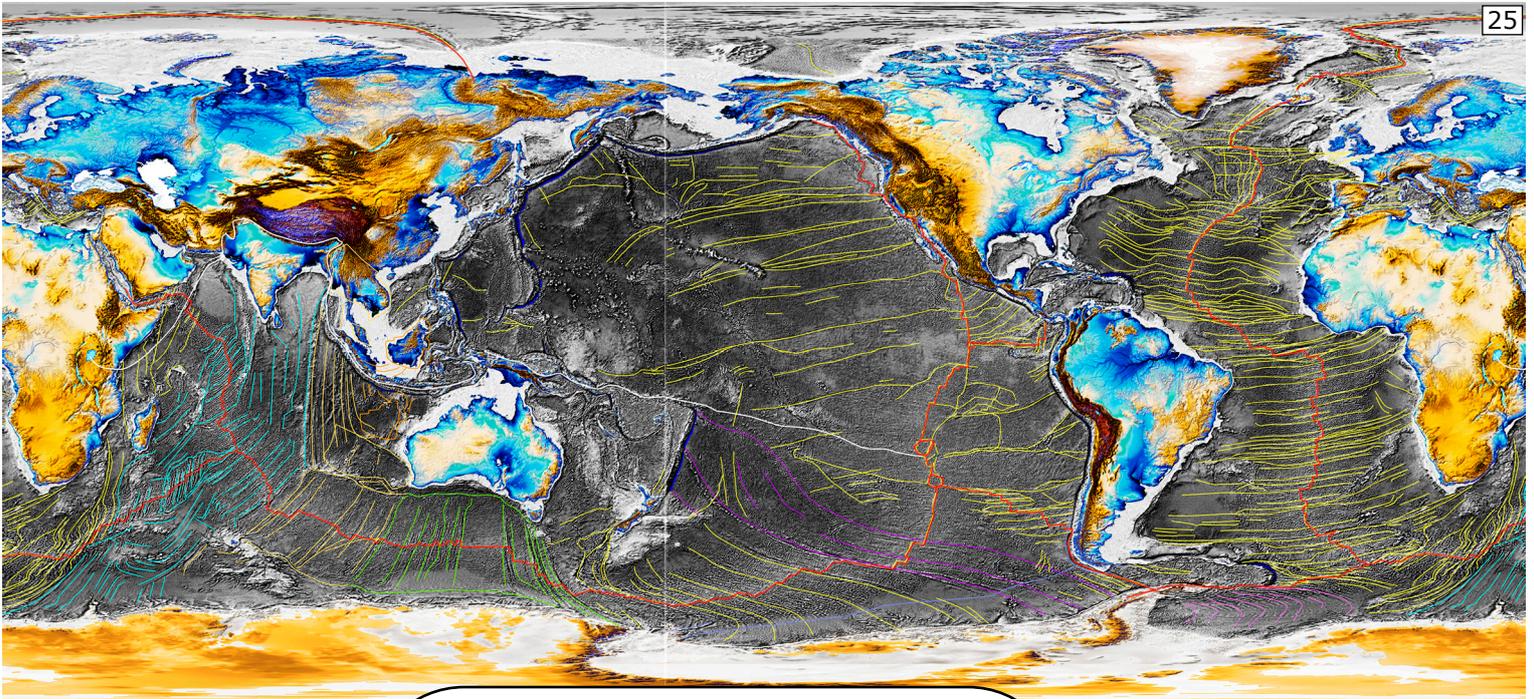

Mid-Ocean Ridge (Atlantic Ocean)

Passive Continental Margin, Africa (no subduction)

AND EVERYWHERE ELSE ON EARTH, IN YELLOW ARE ALL PASSIVE MARGINS! OR CONSTRUCTIVE BOUNDARIES! MEANING THEY ARE SPREADING FREELY, WITHOUT ANY SUBDUCTION!

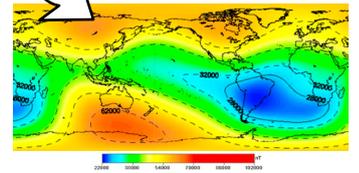

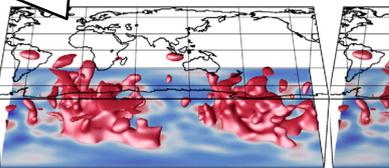

AS GRANDPA POIKE ANALYZED THE DRAG MARKS PATTERN, THE PUZZLE BEGAN TO COME TOGETHER, AND MANY OTHER FINDINGS WERE EMERGED!

SOUTH ATLANTIC ANOMALY AS THE WATER ENTRY POINT!

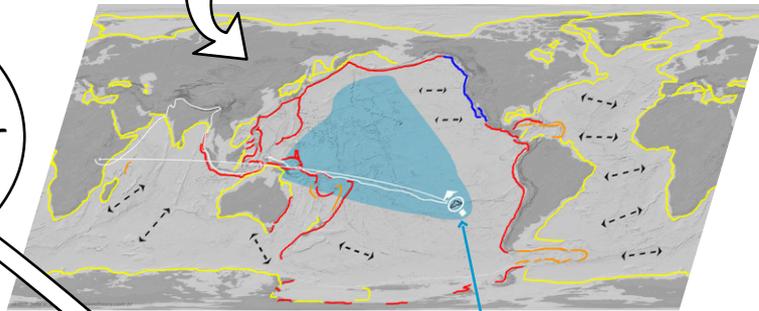

THE WATER FELL ON THE SURFACE, BUT A LOT OF IT WENT DEEPER INTO THE MANTLE, ADDING VOLUME TO EARTH!

THE PILLARS OF THE MANTLE AS A RESIDUE OF THE WATER THAT WENT THROUGH THE CRUST INTO THE MANTLE!

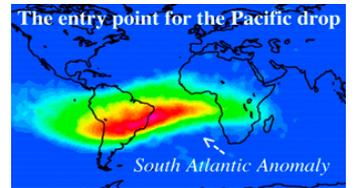

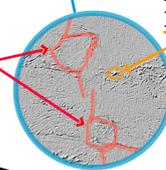

Seismic Tomography of Mantle Structure, Featuring LLSVP

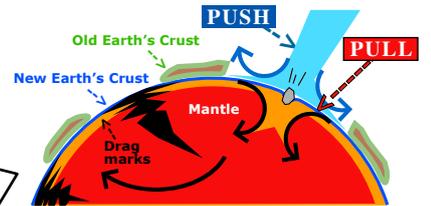

The Epicenter:

Microplates of the Pacific

Easter Island

Push and Pull Effect:

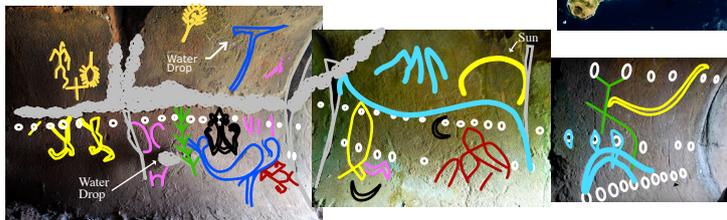

The water drop broke the crust with a push and pull force spreading the continents and exposing the mantle as ocean floor.

HEY LILY! DON'T FORGET THE ROCK ART! THEY ARE THE LIGHT TO THIS THEORY!

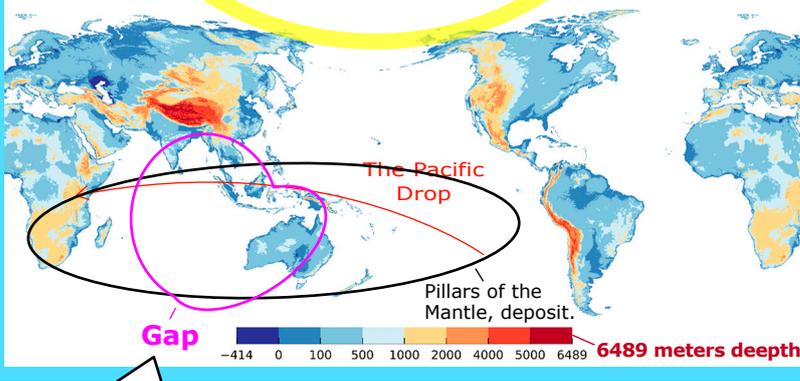

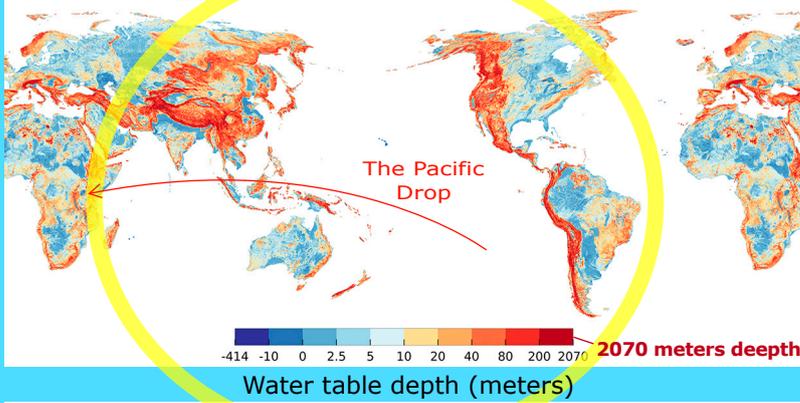

YES GRANDPA, WE WILL GET THERE SOON! LET'S FIRST SHOW ALL THE GEOLOGICAL EVIDENCE THEN WE WILL SHOW OUR ROCK ART RESEARCH...

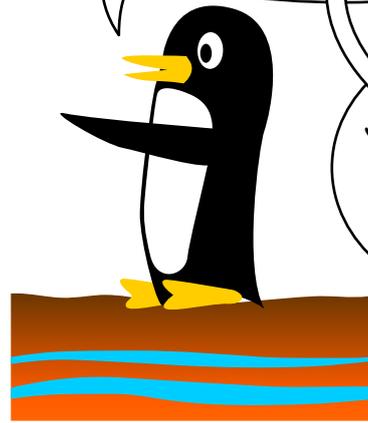

Ana o Keke cave drawing at Poike's Easter Island Volcano.

Global gradient-based Groundwater Model

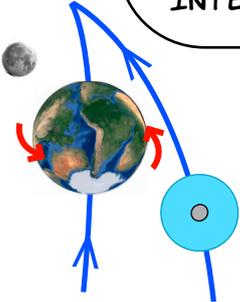

ANOTHER IMPORTANT RING IS THE RING OF GROUNDWATER! MORE DISPERSED DUE TO ITS DEPOSIT COURSE.

IN THOSE MAPS, YOU CAN SEE THE GROUNDWATER DEPOSITS BY DEPTH!

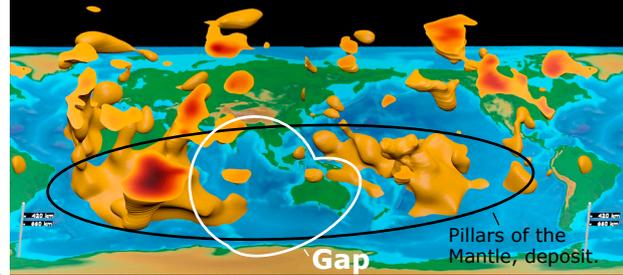

SHOWING THAT THE WATERS FROM THE PACIFIC DROP EVENT WENT INTO THE CONTINENTAL CRUST AS WELL!

HERE YOU CAN SEE HOW THE DEPOSIT OF THE PILLARS OF THE MANTLE INTERACTS WITH THE CONTINENTAL DRIFT!

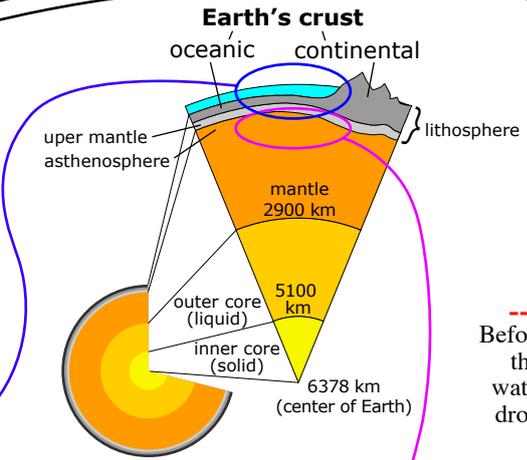

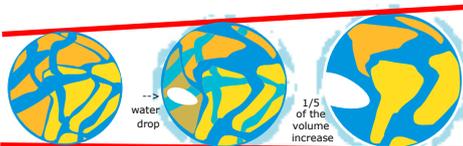

AS ASIA, THE GHOST CONTINENTS, AND AUSTRALIA MOVE NORTHWARD, FOLDING THE OLD CRUST WITH ITS WATER DEPOSITS. THIS HAS LEFT A GAP IN THE PILLARS DEPOSIT!

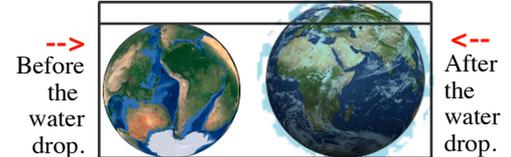

Seismic Tomography of Mantle Structure, Featuring LLSVP.

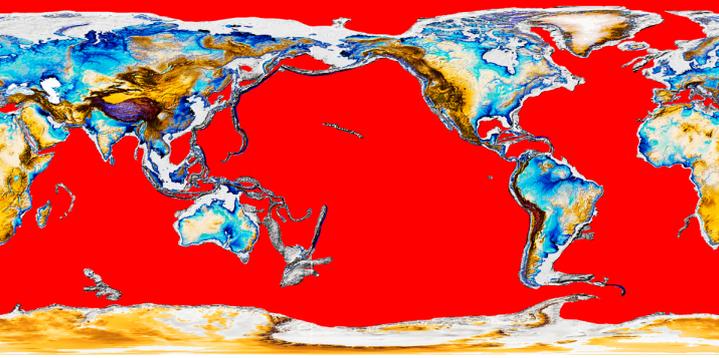

SO THIS EVENT BROKE THE OLD CRUST INTO CONTINENTS! EXPOSING THE MANTLE AS A NEW CRUST! THE DEEP OCEAN FLOOR!

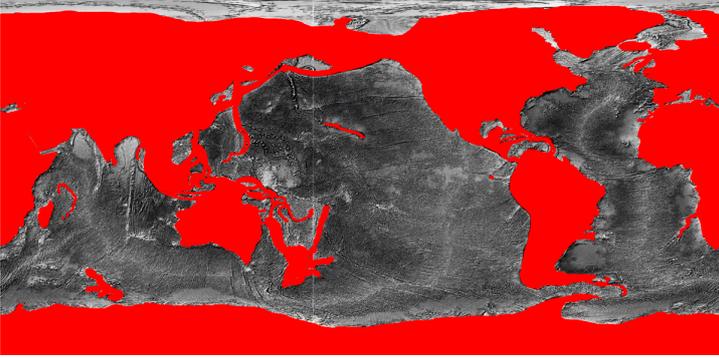

AND THIS LARGE VOLUME OF WATER DEPOSIT INCREASES THE EARTH'S RADIUS INTO A LARGER EARTH!

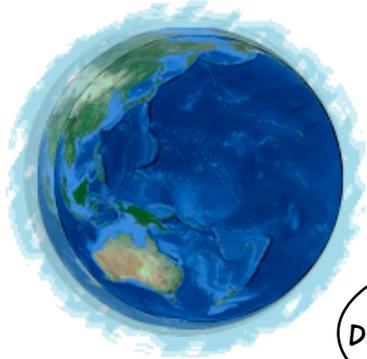

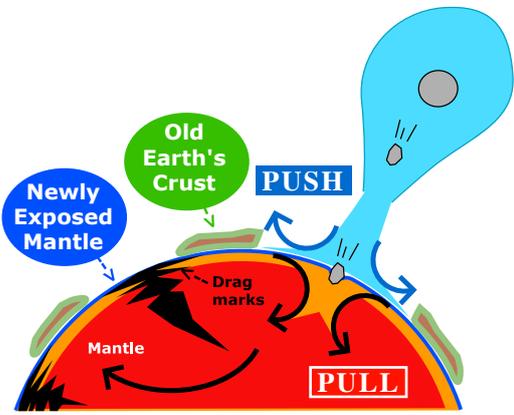

OLD CRUST All that remains of the Earth's old crust.

NEW CRUST Newly exposed mantle, deep ocean floor.

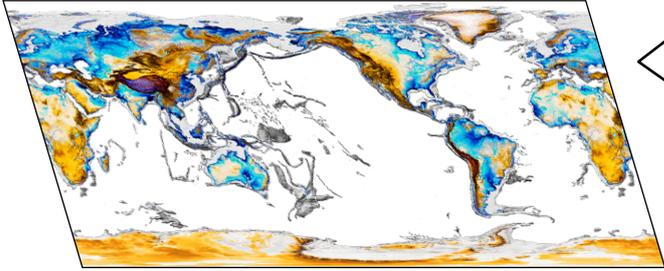

SO THE BIG QUESTIONS?
IF THE EARTH WERE FLOODED
AND COVERED IN WATER, WHERE
IS THE WATER NOW? OR
WHERE DID THE WATER GO?

IT'S SIMPLE, MY
DEAR FELLOW! I WILL
SHOW YOU!

Old Earth's crust

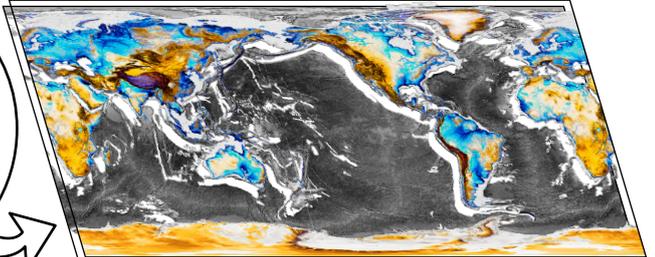

THIS IS ALL THAT'S
LEFT FROM THE CRUST,
INCLUDING ALL THE OCEANS,
RIVERS, AND LAKES!
EVERYTHING TURNED
INTO THIS!

New Earth's crust

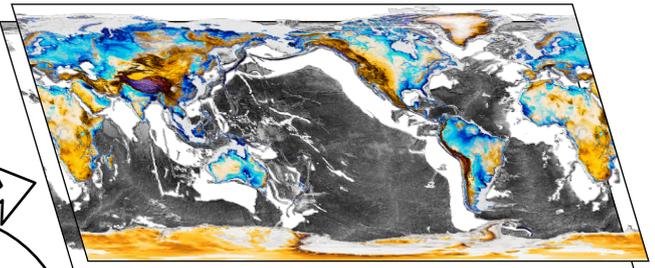

AND THIS IS THE NEWLY EXPOSED
MANTLE! CARVED WITH THE DRAG MARKS
PATTERN, EXPOSED AS THE WATERS
COVERED THE EARTH!

THEN GRAVITY SETTLES
THAT! AS THE NEWLY EXPOSED,
HIGHER-DENSITY MANTLE
STARTS TO COOL DOWN AND
SINK UNDER ITS OWN WEIGHT!

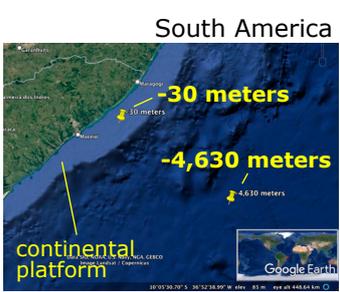

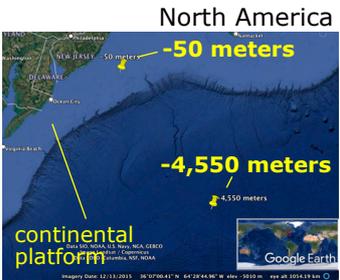

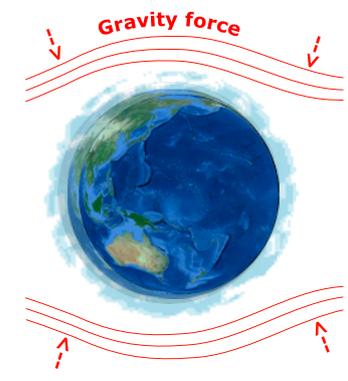

WHILE THE
LESS DENSE OLD CRUST
REMAINS ABOVE, THE WATER
WEIGHT SANK THE EXPOSED
MANTLE TO A 5,000 METERS
AVERAGE DEPTH!

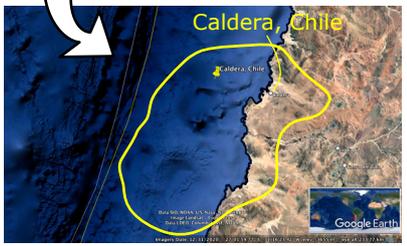

DRAINING THE WATERS
TO A NEWLY CREATED DEEP OCEAN
FLOOR! BUT PART OF THE OLD CRUST
DID NOT LEVEL AND REMAINS
SUBMERGED AS CONTINENTAL
PLATFORMS!

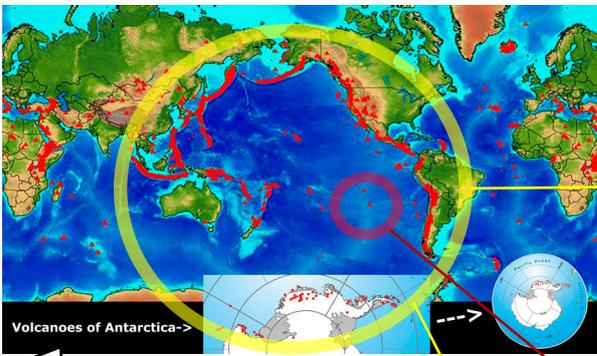

THAT'S WHY WE STILL FIND SUNKEN
CITIES, HUMAN AND ANIMAL RESIDUE
ON THE CONTINENTAL PLATFORMS!

AND YOU WILL FIND THE
SIGNS OF THE RETREATING
WATERS IN THE EXPOSED MANTLE!
LIKE THESE POOLS NEAR CALDERA,
AT THE CHILEAN COAST!

HERE YOU CAN SEE THE STEP FROM -30
ON THE CONTINENTAL PLATFORM, AND
-4,630 METERS ON THE DEEP OCEAN!

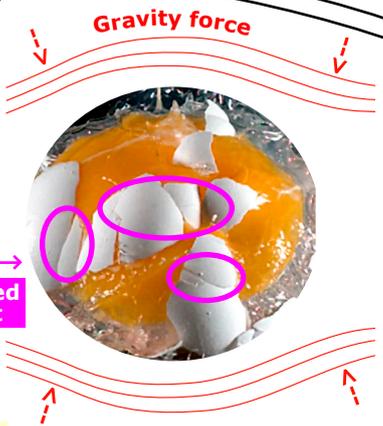

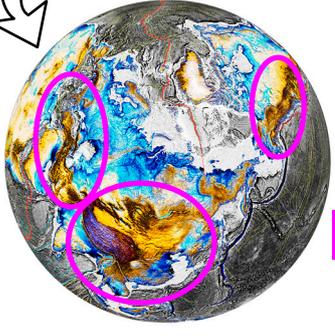

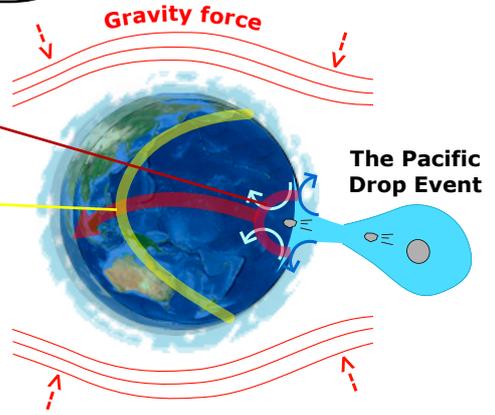

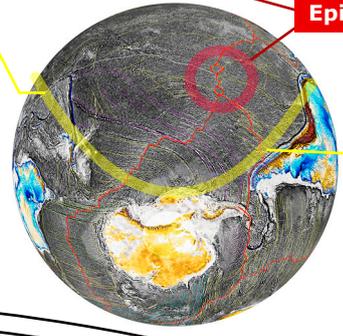

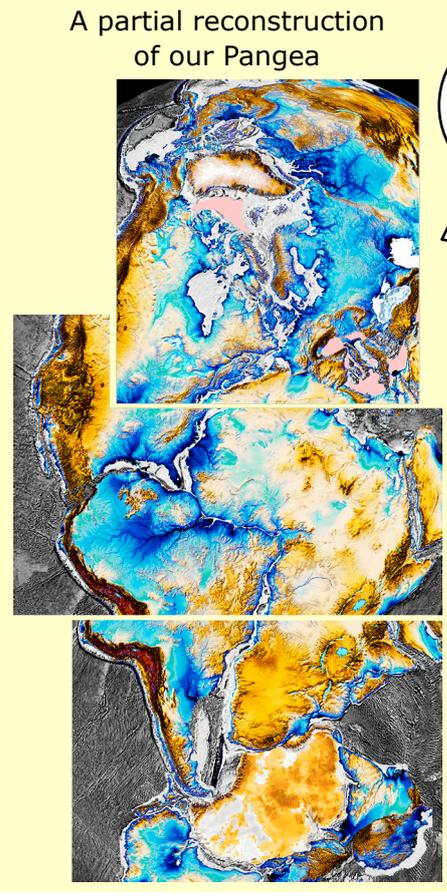

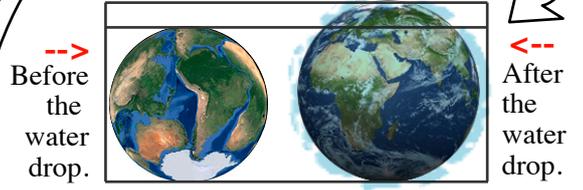

SO THE RING OF FIRE AND ALL THE OTHER RINGS WERE BORN IN A RAINY AND FLOODED EARTH, IN THE PACIFIC DROP EVENT!

THIS VOLCANIC RING BEING CREATED UNDER WATER BOMBARDMENT, AND FLOOD, CAUSED LESS DAMAGE TO LIFE ON EARTH!

AND WITH ALL THIS COMMOTION COMING FROM THE SOUTH, THE NORTH WAS LEFT FULL OF CRUSHED AND FOLDED LAND MASSES!

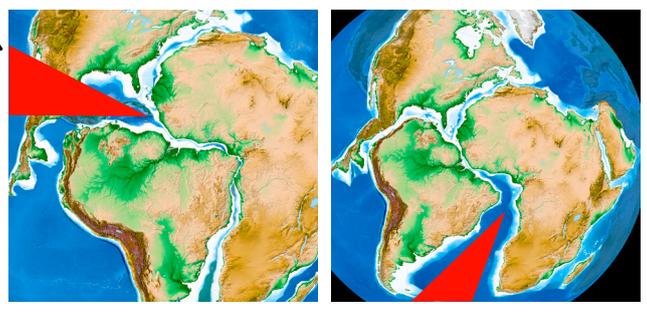

THERE WAS AN INCREASE ON THE EARTH'S SIZE BY AROUND 1/5 OF IT'S VOLUME ON THIS WATER DEPOSIT! AND WE CAN SHOW THAT!

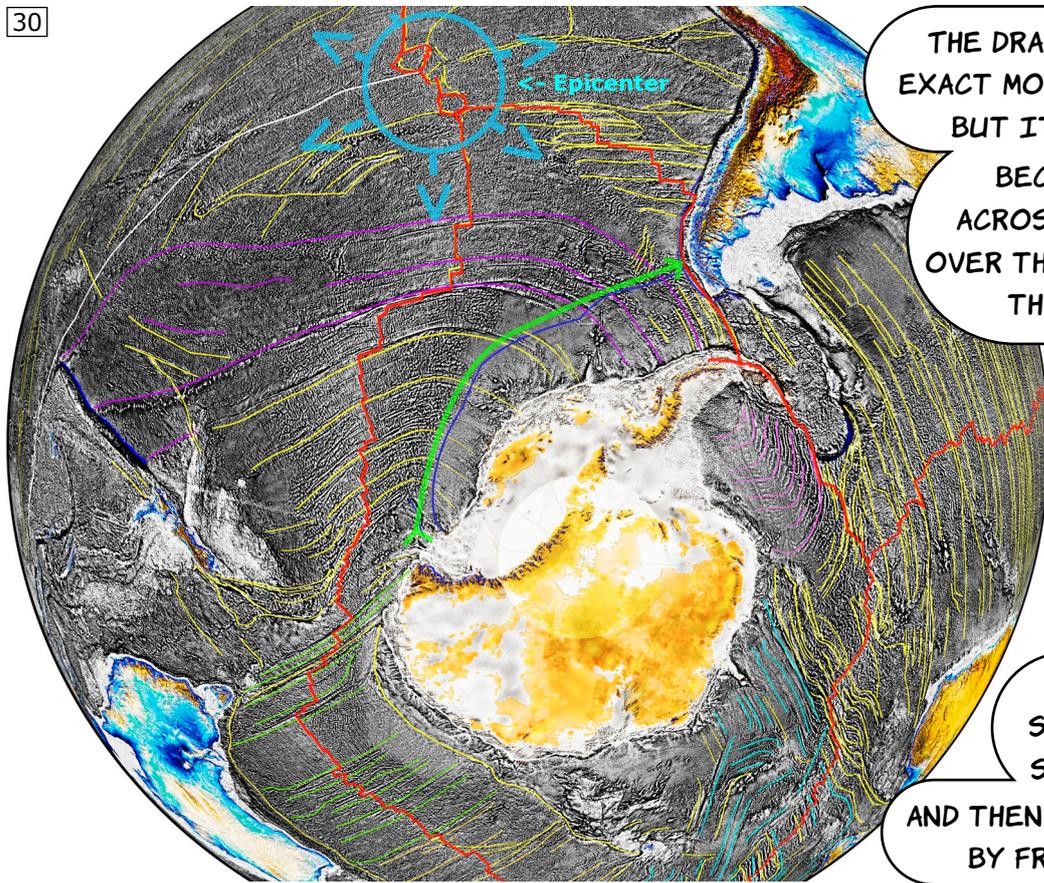

EVEN BETWEEN THE FAIR PROFILES OF THE PASSIVE TECTONICS, BETWEEN NORTH AMERICA, AFRICA, AND SOUTH AMERICA, YOU CANNOT MODEL THEM BACK TOGETHER! IT DOES NOT FIT PROPERLY! WE HAD TO BREAK UP INTO THREE PARTS BY ADJUSTING EACH PORTION TO GET THEM REFIT ACCORDING TO THE DRAG MARKS PATTERN!

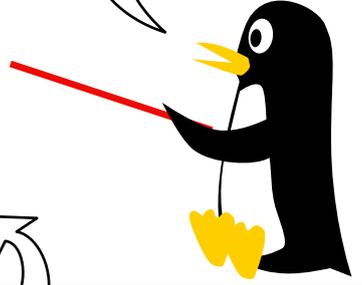

IF YOU ADJUST THE SOUTH, THE NORTH WILL OPEN A GAP, AND VICE VERSA! WHY?

BECAUSE OF THE RADIUS INCREASE! IN ORDER TO DO THE FITTINGS OF NORTH AMERICA, AFRICA, AND SOUTH AMERICA, YOU WILL HAVE TO REDUCE THE EARTH'S VOLUME BY AROUND -1/5 OF ITS CURRENT VOLUME! THEN THEY WILL FIT PERFECTLY!

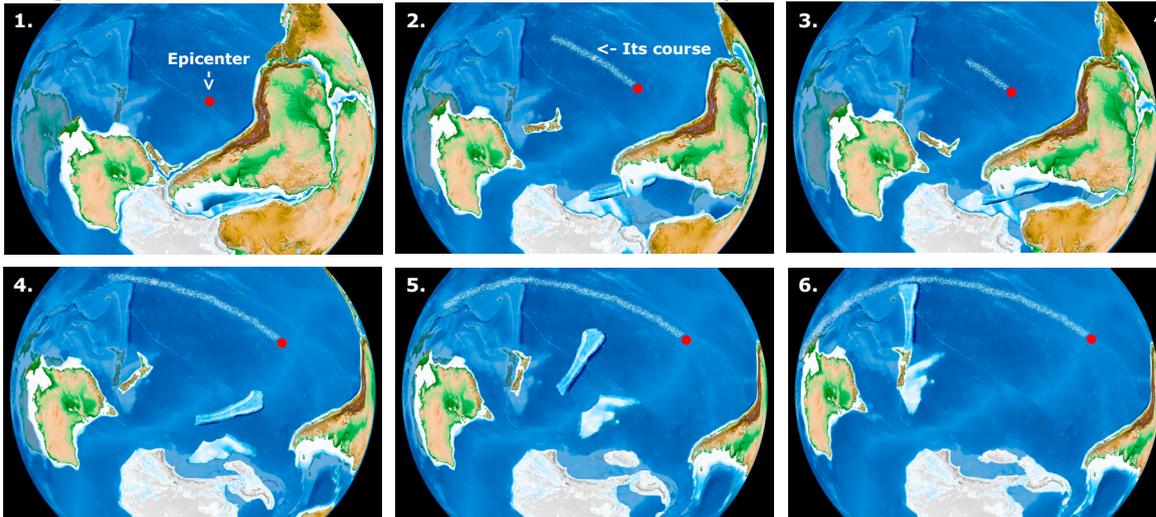

THE DRAG MARKS PATTERN TELL THE EXACT MOVEMENT OF THE CONTINENTS! BUT IT CAN BE A LITTLE TRICK! BECAUSE THEY NOT ONLY CUT ACROSS THE MID-OCEAN RIDGE ALL OVER THE GLOBE! BUT IN SOME PLACES THEY **OVERLAP** IT'S TRACKS!

LIKE HERE! **(GREEN LINE)** SEE HOW THE SOUTH AMERICA SLIDE FIRST AT THE IMPACT! AND THEN ITS TRACKS GOT OVERLAPPED BY FRAGMENTS OF ANTARCTICA!

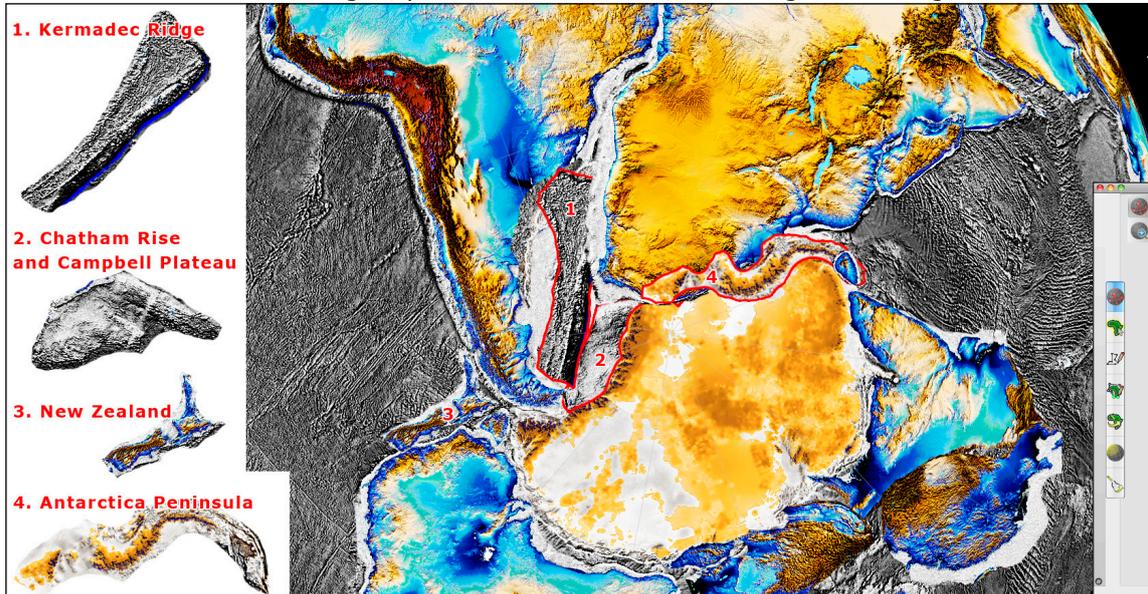

Rough Sketch of a Partial View Animation of the Pacific Drop Event, South Pole Animation*.

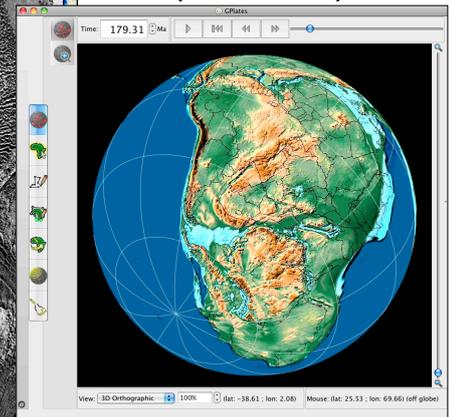

THIS PARTIAL VIEW ANIMATION SHOW HOW THE TIP OF SOUTH AMERICA WAS VERY CLOSE TO AUSTRALIA BEFORE THE EVENT!

OUR PANGEA CONCEPT IS A DIFFERENT APPROACH FROM THE CURRENT PANGEA MODELS (PALEOMAP)

Our Pangea, partial reconstruction, according to the Drag Marks Pattern.

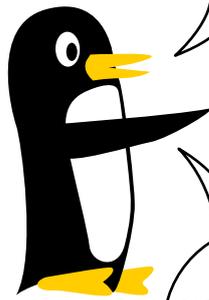

Current Pangea, Paleomap, (with GPlates).

* Website Gif: South Pole Animation, http://www.poikestheory.com.br/_earth-maps.html#south-pole-animation

OUR PANGEA MODEL WILL HELP US TO UNDERSTAND THE FIRST HUMAN MIGRATIONS BEFORE THIS EVENT, ABOUT 10,000 YEARS AGO!

GIVING US A NEW PERSPECTIVE ON ANCIENT OCEANS!

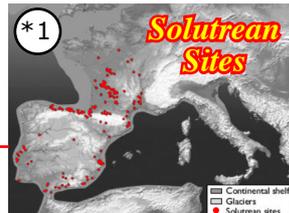

THE SOLUTREAN HYPOTHESIS?

OR DID NORTH AMERICA AND EUROPE SHARE A COMMON TERRITORY?

Clovis Sites

Clovis and Solutrean Similar Techniques

Current Migration Hypothesis

A CROSS-OCEAN MIGRATION TO SOUTH AMERICA FROM THE EARLY HUMANS? OR DID THEY ALSO SHARE A COMMON TERRITORY?

South America Early Humans

*2 Chiribiquete, Colombia, 20,000 years ago.

*3 Serra da Capivara, Piauí, Brazil, 25,000 years ago.

Archaeologist: Niède Guidon, (in memoriam)

*4 Luzia, Paleo-indian, Minas Gerais, BR, 13,000 years ago.

*5 Santa Elina, Mato-Grosso, BR, 27,000 years ago.

*6 Monte Verde, Puerto Montt, Chile, 18,500 years ago.

Aboriginal Australians

THAT'S WHY WE SAY THAT ABORIGINAL AUSTRALIANS NEVER LEFT AFRICA! WAS AFRICA THAT BROKE APART FROM THEM!

Current Migration Hypothesis

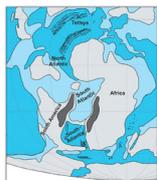

Lake Mungo Man is dated to 40,000 years ago.

Be a Sponsor: The banner of our sponsor will be displayed in 3 places and sizes.

1. Banner on the Back cover Page of our GB (graphic book).

2. Banner at Poike's Theory home page.

3. Banner at Boot Camp home page.

Be a Collaborator:

We invite collaborators to our research group, especially on the areas of:

- Earth Modeling
- Geo Mapping
- Rock Art Research (coming soon)

Collaborators can have a banner on our GB back cover page.

Our contact for information:

WhatsApp: 55 12 98122 0399

E-mail: poike@cybergarage.com.br

Collaborators:

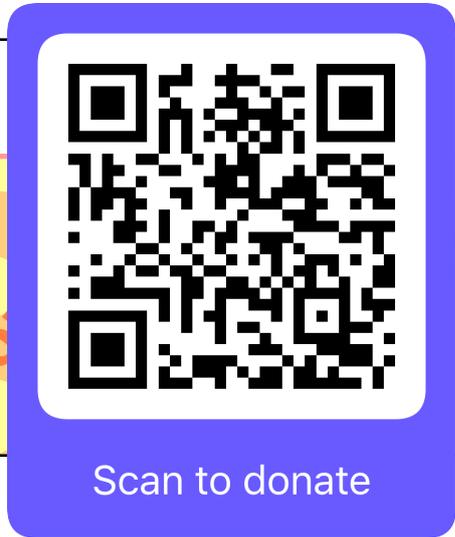

BE A SPONSOR AND YOUR AD WILL BE DISPLAYED AT THE GB AND AT THE WEBSITE!

BE A COLLABORATOR AND HAVE YOUR EXPERTISE ADVERTISED HERE!

OR YOU CAN MAKE A DONATION TO SUPPORT OUR RESEARCH!

Donate to Support Poikes Theory Almanaque Build:
Any amount is welcome, and it will be put to good use to provide more resources for the research on this Theory.
